

Senate Gets Beck Evidence

House Slices \$272 Million From USDA

Report Says That Agriculture Not Too Good At Present

WASHINGTON, May 10 (P)—The House Appropriations Committee cut \$272 million dollars off the Agriculture Department's budget today and called for "an entirely new legislative approach" to farm problems.

It recommended \$3,692,889,757 in new appropriations for the department for the fiscal year starting July 1.

At the same time, in a long and critical report, it said: "Conditions in American agriculture at the present time are not good."

Blame Administration

Blaming the Eisenhower administration, the Democrat-controlled committee asserted that "four years' experience has shown that reduced acreage, reduced prices and rising costs lead only to reducing farm income to a disaster level." The report was written by Rep. Whitten (D-Miss.).

Committee action on the agriculture bill brought to more than 1½ billion dollars the amount it has cut so far out of President Eisenhower's fiscal '58 budget requests.

The full House will consider the Appropriations Committee's recommendations next week. Then the Senate will debate the bill.

During the past four years under Secretary of Agriculture Benson, the committee report said, various approaches to the farm problem have been made. But the report said that during that time farm income has dropped 17.5 percent while farm costs have increased about 10 percent and the average farm debt has risen 21.6 percent.

New Approach Needed

"An entirely new legislative approach must be developed if the present conditions are to be corrected," the report continued.

The committee recommended "gradual elimination" of the acreage reserve part of the new soil bank program, which it said was not working out satisfactorily.

It voted to limit next year's payments under the program to 600 million dollars rather than the 750 million authorized in the original law, and recommended that payments in fiscal 1959 be held to 500 million.

Loan authorizations were cut 26 million dollars to 448½ million. This is 725 million less than was available this year.

Bonn Approves Halt Of Tests

BONN, Germany, May 10 (P)—The lower House of West Germany's Parliament called today for a suspension of nuclear bomb tests.

By standing vote without a roll call, the Bundestag approved a resolution presented by Chancellor Konrad Adenauer's Christian Democrats calling on atomic powers to halt the tests "for a limited time."

The Socialists, Adenauer's main opponents, voted against the resolution. They said it did not go far enough.

The measure represented one of Adenauer's rare conflicts with President Eisenhower on international issues.

The Chancellor told the deputies at the stormy session he still shares the U. S. view that the only way to real peace is through general controlled disarmament.

Eisenhower has said the tests must continue so long as the Soviet Union refuses to agree to international inspection.

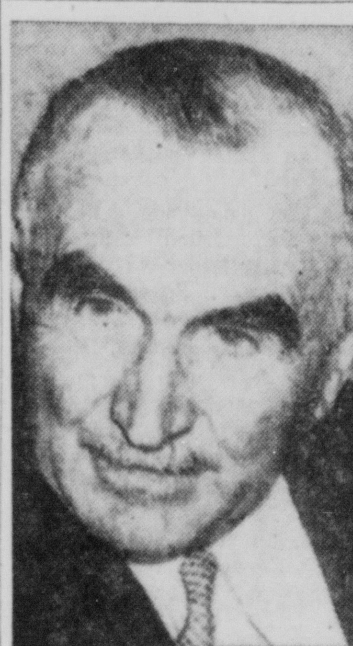

The proposal approved declared tests should be suspended by the Soviet Union, the United States and Britain to demonstrate their "will to achieve a general controlled disarmament." It specified no time limit for the suspension.

Minor parties of Adenauer's coalition government joined the Christian Democrats in proposing the resolution.

Junta Assumes Bogota Control

New Bloodshed As 30 Killed In Milling Throng

BOGOTA, Colombia, May 10 (P)—The four-year dictatorship of Gen. Gustavo Rojas Pinilla collapsed today on the rocks of his greed for new power.

New bloodshed accompanied his downfall. Soldiers advancing behind tanks and wielding rifle butts stampeded a crowd of joyous demonstrators before the Capitol. Thirty died in the panic.

Rojas turned his presidential powers over to a five-man military junta headed by Maj. Gen. Gabriel Paris.

There were reports Rojas had gone to Caracas, Venezuela, but an official radio announcement said he still was in the presidential palace.

Appeals To People

Cristanto Cardinal Luque, whose opposition helped oust Rojas, appealed to the people over a nationwide radio hookup to support the junta in the name of patriotism.

The church warned that Communists were interested in creating new disturbances.

Paris, as president of the junta, promised on his honor as an officer that popular elections will be held next year.

Rojas' surrender capped a week of demonstrations and violence in which more than 100 persons lost their lives.

He went down under pressure from opposition of the Roman Catholic Church, the business community, the political parties of the country—and the people as a whole.

Rojas, a 56-year-old army man who commanded Colombia's troops in Korea, seized power in June 1953 in a bloodless coup.

He wanted another term starting next year, but the constitution, forbidding a president to succeed himself, stood in his way. To get around that, he handpicked a constituent Assembly which last Wednesday suspended the constitution's provisions for a popular election and handed Rojas a new term extending until 1962.

Refuses To Accept

That crystallized the opposition. This traditionally democratic republic of more than 11 millions refused to accept the Assembly's action.

Political leaders and top officials of the armed forces were in session Thursday night and into the early hours of Friday. At 3:30 a.m. the news Rojas was out began to spread by telephone.

An hour and a half later automobiles filled with shouting men and women, many in pajamas and dressing gowns, converged on the center of Bogota.

Tragedy marred the celebration at 8:30 a.m. Thousands jammed Plaza Bolivar in front of the Capitol.

Suddenly an officer turned to his soldiers and ordered them to clear the area. Tanks rumbled into action.

The soldiers, using their rifle butts as clubs but withholding fire, advanced behind the tanks.

Panic spread among the crowd. When the area was cleared at least 30 bodies were sprawled on the ground. Apparently they were crushed to death in the wild stampede to avoid the advancing soldiers.

16 Navy Men Are Rescued As Plane Crashes In Bay

OAKLAND, Calif., May 10 (P)—Sixteen Navy men aboard a huge Trade Wind flying boat were rescued today within a few minutes after the plane flopped into San Francisco Bay. All aboard were accounted for.

The Navy reported there were no casualties. The flying boat, a successor to the famed Mars type plane, had just left Alameda Naval Air Station on a training flight.

A witness said the two million-dollar craft "flopped like a bird" as it fell into the shallow water.

The plane came to rest on a mudflat, much of it remaining out of the water. Soon it began to sink into the mud.

Two Air National Guard pilots, flying amphibious planes, alighted beside the Trade Wind and took off the 16 men.

West Afraid In Atom Race - Gromyko

End Of Tests Would Undermine Position He Tells Soviets

MOSCOW, May 10 (P)—Soviet Foreign Minister Andrei Gromyko charged today the Western powers are afraid—"like the devil fears Christ"—to stop testing nuclear weapons.

He told the Supreme Soviet that the United States and Britain fear termination of the tests would "undermine their whole position on the use of nuclear weapons."

The 1,347 deputies, acting with their customary unanimity, then adopted a resolution calling upon the U. S. Congress and the British Parliament to join in a three-power parliamentary commission to study the best means of halting future tests.

After that, the Supreme Soviet ended its three-day session, having preserved its rubber-stamp record. Without a murmur it ratified all decrees of the Presidium since the last session, and approved party boss Khrushchev's sweeping plan for decentralizing and reorganizing the Soviet union's gargantuan industrial administrative machinery.

Maiden Appearance

Gromyko's 30-minute speech was his maiden appearance before the Supreme Soviet as foreign minister. It was made in response to a request by some deputies for information about international negotiations on proposals for banning tests of atomic weapons. Such requests customarily are prompted by the Soviet hierarchy.

Britain and the United States maintain the nuclear weapons problem can only be handled by an international foolproof inspection system to guarantee that any agreement banning or limiting the manufacture, stockpiling and use of these weapons is honestly observed.

Experiments Necessary

They say the experiments are necessary to the defense of the free world and as a deterrent to aggression. The United States has proposed in U. N. Disarmament meetings in London that the big powers register all their tests to date to determine how effective are the present scientific methods of detecting explosions. This would be important in deciding whether violations of an agreement to ban tests would be detected. But the U. S. proposal got nowhere.

On the other hand, the Soviet Union claims its proposal to ban tests would be an important first step toward broader nuclear agreements. Pressure for terminating the experiments has mounted over the world with the growing scientific controversy over the dangers of radioactive contamination. Japan has been particularly urgent that Britain abandon her coming first H-bomb test in the Pacific. Russia has steamed up the drive since NATO decided to provide its forces with atomic weapons and missiles.

Two Sailors Die In Crash

WARWICK, R.I., May 10 (P)—Two sailors were killed and two were injured, in an automobile accident on the Post Road in Cowesett today. The car skidded 200 feet, careened off a stone wall, broke a telephone pole and landed on its side.

The Navy identified the dead as: Airman Apprentice Don E. Rhymer, 19, son of Mr. and Mrs. Harvey Rhymer of Gibson Station, Va. Airman James E. Richmond, 19, son of Mr. and Mrs. Hunter Richmond of Portsmouth, Ohio. Also listed as his address was Ledo, W. Va.

The injured: Airman James F. McDonald, 18, of Boston, and Airman John C. Anderson, of North Lake, Ill. All were stationed at the Quonset Point Naval Air Station.

McDonald and Anderson were hitchhiking and were picked up by Rhymer and Richmond shortly before the accident. Neither could explain the cause.

Police said the car obviously was traveling at high speed but they were mystified as to the cause of the crash, which occurred on a relatively straight stretch of a four-lane highway.

Johnson Takes Larson To Task About Budget

WASHINGTON, May 10 (P)—The Senate Democratic leader shot question after critical question today at the man who has been called the "prophet of Modern Republicanism."

Ostensibly, the issue was the budget for the U. S. Information Agency during the year starting July 1.

But more often than not it appeared to be whether the Republicans or the Democrats were best qualified to run the country.

Doing the questioning, in his slow and friendly drawl, was Sen. Johnson (D-Tex.). In the witness chair before Johnson's Appropriations subcommittee was an often red-faced and frequently fidgeting Arthur Larson.

Larson, a handsome and well-tailored man, is the new director of the USIA. He wrote a book called "A Republican Looks at This Party," roundly praised by President Eisenhower as "Modern Republicanism."

Larson also made a speech in Honolulu last month in which he spoke of a certain American political party being in the grip of an alien philosophy.

Johnson and Sen. Mansfield (D-Mont.) recalled that speech in their questioning today. They didn't like it.

Johnson lectured Larson about the need for "facts and figures" to justify budget requests. He said all he had gotten so far out of Larson was "glittering generalities" and "Fourth of July speeches." Larson quietly squirmed.

"I implore you to spend your time today dealing with specifics and not generalities," Johnson said.

Otherwise, Johnson said, "I can't convince my colleagues we should appropriate 90 million dollars, much less the 135 million dollars you want."

The agency requested 140 million dollars, an increase of some 50 millions over the average of what it got in each of the past four years. The House cut this to 105 millions and Larson appealed to the Senate to restore 30 millions of the cut.

Forest Fires Rage Through Northeast

[By The Associated Press]

Raging forest fires scorched the Northeast for the fifth consecutive day Friday and disrupted weekend plans of thousands.

Little relief from rain was in sight. Forests generally were closed in the afflicted states, cutting off numerous recreation areas.

A windswept woods fire threatened historic Plymouth, Mass., landing place of the Pilgrims, for the second time in two days.

Flames crept perilously close to Plymouth's Jordan Hospital where authorities stood ready to evacuate patients.

In New York, Gov. Averell Harriman banned picnicking, hiking, tenting, camping and similar activities in woodland areas. He ordered the closing of golf courses in state woodlands, and the closing of cottages and camps except those occupied by permanent residents.

The governor further banned fishing in ponds, lakes and streams. Fishing will be permitted only from boats in open waters such as the Atlantic Ocean, Long Island Sound and Peconic Bay.

Harriman said that up until Wednesday the state had been hit by this year by 989 fires that burned over more than 13,000 acres.

Days off of all state police were canceled because of the fire emergency. The State Thruway Authority set up an emergency patrol to guard against fires adjacent to the 427-mile superhighway.

Gov. Foster Furcolo ordered a similar ban in Massachusetts.

The restrictions will not be lifted until there is a solid drenching rain.

In Portland, Me., the Sebago Yacht Club asked Gov. Edmund Muskie to hire professional rain-makers to cope with the Pine Tree State's drought conditions.

A fire near West Kennebunk destroyed more than a dozen homes and blackened nearly 5,000 acres. Connecticut had 22 separate forest fires yesterday. State police and Forest Rangers took to helicopters to direct operations.

Vermont had some rain that the

'Gator Helps Lawmen Catch Parole Violator

NEW ORLEANS, May 10 (P)—An admitted Georgia parole violator, apparently caught by a Louisiana alligator, said today he "was never so glad to see police."

Lebur C. Hawkins, 47, came to his downfall in a lily pad pond a few miles west of the Mississippi River bridge near here.

Troopers Joe Williams and Clinton Lauman said they were about to arrest two men found sleeping in a parked car near the pond when they heard screaming.

"Help! A gator got me! Don't leave me! Help, Police!"

They said they rushed to find Hawkins waist deep in the pond, trying to shake loose something. They managed to pull him out.

One of his shoes had long increases, apparently teeth marks,

Witness Says Widow Fund Made Profit

Letter Introduced; Testifies Beck Got Mortgage Fees

WASHINGTON, May 10 (P)—Senate rackets probers produced evidence today that Teamsters President Dave Beck reaped profit from a benefit fund set up for the widow of his best friend.

Donal Hedlund, a Seattle mortgage banker, testified that he and Beck shared an \$11,585 profit on mortgage sales to a fund set up by various unions for Mrs. Terry Leheny, widow of Ray Leheny, a labor leader whom Hedlund described as Beck's "best and closest friend."

Beck was a trustee of the widow's fund, and Robert F. Kennedy, counsel for the Senate Committee, told newsmen there was a violation of the law regulating trusteeships in Beck's receiving a profit on the mortgage sales to the fund.

Defended Profit

Hedlund defended the profit as being "done from the heart rather than the head," although earlier he had said he didn't think it was handled in an ethical manner.

Introduced into evidence was a Nov. 16, 1956, letter to Mrs. Leheny in which Beck assured her she would be getting "a very fine return on your investment with the maximum of safety."

The committee also developed testimony that Beck quietly collected thousands of dollars in fees on money invested in mortgages by his union, the biggest in the country.

Beck, who didn't attend today's hearing, issued a statement defending his method of handling union funds.

When he took over as international president, Beck said, the net yield on the union's investments was 2½ per cent as of Dec. 31, 1952. As of last March 31, he continued, the yield was 4.06 per cent.

Beck put the total investment at \$32,474,631. He said \$28,582,646 of this is mortgages or bonds.

"The statistics cited should indicate that our investment program has been and is among the most successful to be found in organized labor," Beck said.

He has declined to answer questions before the committee on the grounds that to do so might incriminate him.

Uses Round Figures

Using rounded-off figures, Kennedy explained the Leheny transaction like this:

Beck and Hedlund acquired mortgages with a par value of \$81,000 at a discount price of \$71,000 in May 1956.

They held the mortgages, which had actually been bought with Teamsters funds in the names of Beck and Hedlund, for six or seven months, during which time mortgage payments reduced the par value from \$81,000 to about \$71,000 and the net price to Beck and Hedlund to about \$61,000.

Then they sold them last January to the Leheny Memorial fund for \$71,000, par value at the time, instead of the \$61,000 net discounted price.

Mid-East Gets \$120 Million

WASHINGTON, May 10 (P)—The United States has granted about 120 million dollars in emergency military and economic aid to Middle East countries to help safeguard them against communism.

Special Ambassador James P. Richards disclosed this today at a news conference report on his recent visit to 15 Mideast countries as White House envoy.

He said the money came from an emergency 200-million-dollar fund Congress provided in March in response to President Eisenhower's plea for broad authority to use U. S. dollars and military power to block Russian threats to the region.

Richards, a South Carolina Democrat and former Congress member, said nearly half of the money he allocated was for "guns tanks and things of that kind."

These weapons will be rushed to the area as part of a "crash program," he said. The remainder went for economic aid projects.

Richards said he pledged the funds on the spot during his swift-moving trip.

As a result of this fast action, he expressed the view the Mideast is "much safer" from threats of Communist subversion and aggression.

Raging forest fires scorched the Northeast for the fifth consecutive day Friday, and disrupted weekend plans of thousands.

Little relief from rain was in sight. Forests generally were closed in the afflicted states, cutting off numerous recreation areas.

A windswept woods fire threatened historic Plymouth, Mass., landing place of the Pilgrims, for the second time in two days.

Flames crept perilously close to Plymouth's Jordan Hospital where authorities stood ready to evacuate 50 patients.

In New York, Gov. Averell Harriman banned picnicking, hiking, tenting, camping and similar activities in woodland areas. He ordered the closing of golf courses in state woodlands, and the closing of cottages and camps except those occupied by permanent residents.

The governor further banned fishing in ponds, lakes and streams. Fishing will be permitted only from boats in open waters such as the Atlantic Ocean, Long Island Sound and Peconic Bay.

Harriman said that up until Wednesday the state had been hit this year by 989 fires that burned over more than 13,000 acres.

Days off of all state police were canceled because of the fire emergency. The State Thruway Authority set up an emergency patrol to guard against fires adjacent to the 427-mile superhighway.

Gov. Foster Furcolo ordered a similar ban in Massachusetts.

The restrictions will not be lifted until there is a solid drenching rain.

In Portland, Me., the Sebago Yacht Club asked Gov. Edmund Muskie to hire professional rain-makers to cope with the Pine Tree State's drought conditions.

A fire near West Kennebunk destroyed more than a dozen homes and blackened nearly 5,000 acres. Connecticut had 22 separate forest fires yesterday. State police and Forest Rangers took to helicopters to direct operations.

Vermont had some rain that the

State Forest Department said was

"helping temporarily."

General overnight rain reduced hazards in Michigan, which had about 50 forest fires during the week.

But the fires plagued Canada, with 166 reported in Nova Scotia, New Brunswick, Quebec, Ontario, Alberta and British Columbia. One fire that burned over 8,000 acres near Skead, north of Sudbury, Ont., destroyed 20 homes.

In New York City, all Civil Defense emergency units were placed on a standby alert to help if needed in the state of neighboring states.

It was the third day that Plymouth, a town of 13,600 persons, had been beset by forest fires.

Mother's Day Card Gets In Plug For Dad

BALTIMORE, May 10 (P)—A Mother's Day card that puts in a plug for father was quickly sold out today at a downtown stationery store.

Designed for hubby to send to wife, the front reads:

"You rate a lot of credit, dear, in one way or another . . ."

The inside winds up:

"But remember, if it weren't for me you wouldn't be a mother."

Polio Victim Visits Mother

HOLLYWOOD, May 10 (P)—It will be a happy Mother's Day for Mrs. Mary Gentle, mother of screen actress Lilli Gentle.

Her older daughter, Janet, 25, a polio victim for 11 years, was flown here today from Birmingham, Ala., in a National Guard plane equipped with a special generator that powered an iron lung. She will live with her parents and her sister in a hilltop house that has a panoramic view of the San Fernando Valley.

'Gator Helps Lawmen Catch Parole Violator

NEW ORLEANS, May 10 (P)—An admitted Georgia parole violator, apparently caught by a Louisiana alligator, said today he "was never so glad to see police."

Lebur C. Hawkins, 47, came to his downfall in a lily pad pond a few miles west of the Mississippi River bridge near here.

Troopers Joe Williams and Clinton Lauman said they were about to arrest two men found sleeping in a parked car near the pond when they heard screaming.

"Help! A gator got me! Don't leave me! Help, Police!"

They said they rushed to find Hawkins waist deep in the pond, trying to shake loose something. They managed to pull him out.

One of his shoes had long creases, apparently teeth marks,

running from instep to toe, but he was uninjured.

"Every time I drink," the shaken Hawkins told troopers, "I get the urge to roam around on the green grass. I guess I mistook the lily pads for green pasture and went into the water."

Hawkins said he had been hitchhiking. The two oil field workers in the car told officers they picked him up.

The oil workers, Jack C. Reagan, 35, Gulf Camp, Tex.; and Ralph Morgan, 32, Monahans, Tex.; were held pending investigation. Troopers said they could not prove ownership of the car.

Hawkins was held for investigation of being a parole violator, after he told officers he was wanted in Atlanta, Ga.

Witness Says Widow Fund Made Profit

Letter Introduced; Testifies Beck Got Mortgage Fees

WASHINGTON, May 10 (P)—Senate racketeers produced evidence today that Teamsters President Dave Beck reaped profit from a benefit fund set up for the widow of his best friend.

Donal Hedlund, a Seattle mortgage banker, testified that he and Beck shared an \$11,585 profit on mortgage sales to a fund set up by various unions for Mrs. Terry Leheney, widow of Ray Leheney, a labor leader whom Hedlund described as Beck's "best and closest friend."

Beck was a trustee of the widow's fund, and Robert F. Kennedy, counsel for the Senate Committee, told newsmen there was a violation of the law regulating trusteeships in Beck's receiving a profit on the mortgage sales to the fund.

Defended Profit

Hedlund defended the profit as being "done from the heart rather than the head," although earlier he had said he didn't think it was handled in an ethical manner.

Introduced into evidence was a Nov. 16, 1956, letter to Mrs. Leheney in which Beck assured her she would be getting "a very fine return on your investment with the maximum of safety."

The committee also developed testimony that Beck quietly collected thousands of dollars in fees on money invested in mortgages by his union, the biggest in the country.

Beck, who didn't attend today's hearing, issued a statement defending his method of handling union funds.

When he took over as international president, Beck said, the net yield on the union's investments was 2½ per cent as of Dec. 31, 1952. As of last March 31, he continued, the yield was 4.06 per cent.

Beck put the total investment at \$32,474,631. He said \$28,582,646 of this is mortgages or bonds.

"The statistics cited should indicate that our investment program has been and is among the most successful to be found in organized labor," Beck said.

He has declined to answer questions before the committee on the grounds that to do so might incriminate him.

Uses Round Figures

Using rounded-off figures, Kennedy explained the Leheney transaction like this:

Beck and Hedlund acquired mortgages with a par value of \$81,000 at a discount price of \$71,000 in May 1956.

They held the mortgages, which had actually been bought with Teamsters funds in the names of Beck and Hedlund, for six or seven months, during which time mortgage payments reduced the par value from \$81,000 to about \$71,000 and the net price to Beck and Hedlund to about \$61,000.

Then they sold them last January to the Leheney Memorial fund for \$71,000, par value at the time, instead of the \$61,000 net discounted price.

Mid-East Gets \$120 Million

WASHINGTON, May 10 (P)—The United States has granted about 120 million dollars in emergency military and economic aid to Middle East countries to help safeguard them against communism.

Special Ambassador James P. Richards disclosed this today at a news conference report on his recent visit to 15 Middle East countries as White House envoy.

He said the money came from an emergency 200-million-dollar fund Congress provided in March in response to President Eisenhower's plea for broad authority to use U. S. dollars and military power to block Russian threats to the region.

Richards, a South Carolina Democrat and former Congress member, said nearly half of the money he allocated was for "guns tanks and things of that kind." These weapons will be rushed to the area as part of a "crash program," he said. The remainder went for economic aid projects.

Richards said he pledged the funds on the spot during his swift-moving trip.

As a result of this fast action, he expressed the view the Middle East is "much safer" from threats of Communist subversion and aggression.

Ike Tells GOP Leaders Demos Have Lost South

LOUISVILLE, Ky., May 10 (AP)—President Eisenhower, speaking by long-distance telephone, told Republican leaders today the Democrats have lost control of the "Solid South" and the GOP is in Dixie to stay.

Citing "impressive increases" in GOP strength in the South in the last 20 years, Eisenhower called for a political offensive to recapture control of Congress next year.

His remarks were brought through an amplifier to party leaders from 12 Southern and border states attending a regional conference whose theme is "Concentrate on '58." The meeting is the fourth in a nationwide series.

Eisenhower said the party's weakness in the South has been that Republicans failed to nominate candidates in many races. Even in 1956, he pointed out, there were no GOP candidates in 65 of the 114 congressional districts in Southern and border states.

"If we work long enough and hard enough, there can be no such thing as a hopeless state or a hopeless district," the President said. "We ought to have a candidate in every one."

The President also spoke out again in defense of the \$71,800,000 federal budget which he said was "not recklessly or carelessly thrown together."

He added the price of peace comes high, and the price of maintaining the peace comes high—that the cost "is inconsequential when compared with the price of war."

Turning again to the political scene, Eisenhower said in every presidential election since 1940, the Republicans have increased their percentage of the South's total vote.

"There is no longer a 'Solid South' controlled by one political party."

In 1956, he said, the "national ticket carried 23 of the 25 Southern counties that have cities of more than 100,000—and all together carried 44 of the 57 most populous counties."

Last year, Eisenhower won the electoral votes of Virginia, Florida, Texas, Tennessee, Kentucky, and Louisiana. Each sent delegates to the conference here as did Alabama, Arkansas, Georgia, Mississippi, North and South Carolina.

Man, Policeman Exchange Shots

WASHINGTON, May 10 (AP)—A husband who had just completed a sentence for threatening his wife engaged in a shooting match early today with a policeman assigned to protect her.

Police said six or eight shots were exchanged inside and outside the apartment building in southeast Washington where she lives. The policeman finally knocked the husband unconscious with the butt of his revolver.

The husband was identified as Robert G. Stepp, 38. The wife, Mrs. Rose M. Stepp, 35, had called police after a shot had been fired at her through a window. With Mrs. Stepp at the time were her 8-year-old son and 5-year-old daughter.

Pvt. Warren E. Peterson, 24, said he waited in the living room of the apartment nearly five hours before the husband returned, kicked in the front door and began firing with a .22 caliber rifle.

The Stepps, married 13 years ago, have been legally separated two years.

Police said Stepp had 100 rounds of ammunition and two knives on him.

Goose Brings Halt To Swedish Air Force Maneuvers

STOCKHOLM, May 10 (AP)—The Swedish air force has cancelled maneuvers because of a goose.

A spokesman of the Bravalla jet air force wing said all bombing and rocket straining of the target island of Gland, in the Baltic, was stopped after a Canadian wild goose was found to be hatching six eggs on top of a pillbox.

"She is the first of her kind hatching in our area," said the aide-de-camp of the commander. "Standing orders are not to resume target practice until her small birds are able to take to the sea."

Railroad Announces Increase In Fares

PHILADELPHIA, May 10 (AP)—The Pennsylvania Railroad today announced the 15 per cent hike in first class passenger fares approved last month by the Interstate Commerce Commission will become effective on PRR lines next Wednesday.

The ICC approved the increase in fares for six Eastern Roads on April 29.

Issue Draft Call

WASHINGTON, May 10 (AP)—The Army today issued a draft call for 13,000 men in July. This is the same quota previously announced for April, May and June.

Five Witnesses In State Commie Probe Suspended

BALTIMORE, May 10 (AP)—At least five more witnesses who invoked the Fifth Amendment in the congressional investigation of communism in Maryland were suspended or fired today.

There also was one report of violence as an aftermath of the three-day hearings which ended yesterday.

Mrs. Sirkka Tuomi Lee, blonde secretary who was among 22 recalcitrant witnesses at the hearings, was dismissed by the Eastern Stainless Steel Co.

Personnel director Carl F. Schier Jr. said she was fired "in the best interests of our organization."

Police investigated the smashing of a window at Mrs. Lee's home as she sat watching television with friends last night.

Bethlehem Steel Co. said it was planning to fire two more employees, for a total of eight, as a result of the hearings before a House Un-American Activities Subcommittee.

Machinery In Operation

A United Steelworkers spokesman said "machinery is in operation" to expell the eight suspended Bethlehem Employees from the union.

Capital Airlines said it has suspended a mechanic. A school said it advised a teacher named at the hearing not to report to duty "pending further study."

Police also were instructed to keep a watch on the home of Miss Irene Barkaga, a Bendix Radio employee and FBI undercover agent who testified at the hearing and named several persons she knew as communists.

She told police she had received a number of annoying telephone calls.

Bethlehem in a statement said it is "suspending Milton Seif and Otto B. Yerrrell with the intention to discharge them." Both work at Bethlehem's Key Highway shipyard.

They were among nine witnesses who yesterday invoked the 5th Amendment when questioned about communists and communism.

A total of 21 out of 23 witnesses balked at such questions in the three-day hearing which wound up yesterday.

Capital Airlines said it has suspended Frederick Hallengren, 49, an airplane-engine mechanic at Friendship International Airport and a Capital employee for 11 years. He previously worked for the Federal Civil Aeronautics Administration.

A native of Jamaica, N.Y., Hallengren refused to answer congressional investigators when asked if he was a member of the Communist Party while an employee of the CAA.

Did Not Report

Herbert Nichol, a mathematics teacher at Boys Latin School, who also invoked the Fifth Amendment, did not report for work today. Headmaster Frederick A. Hahn said Nichol's appearance before the committee yesterday "was a great shock" and that the school considered it "advisable for him not to come in today under the circumstances."

The headmaster indicated the 44-year-old teacher and former union organizer, would not be on duty "pending further study."

Maryland's Attorney General C. Ferdinand Sybert said he was beginning a study of the hearing record to determine if an further investigation is indicated. He said he would check for possible violations under Maryland anti-subversive Ober Law.

Butler Uses Helicopter

WASHINGTON, May 10 (AP)—Sen. Butler (R-Md.) and Rep. Friedel (D-Md.), who commute daily between Baltimore and Washington, flew here in a helicopter today. Butler said it saved him nearly an hour's time.

They flew from Baltimore's Friendship Airport to Washington's National Airport, about 35 miles, in 20 minutes in a plush new 12-passenger Sikorsky S58 piloted by Dmitri Viner of Bridgeport, Conn., chief test pilot for the Sikorsky Aircraft Co. Viner is a nephew of helicopter designer Igor Sikorsky.

It was the first helicopter ride for the senator, but one of many for Friedel.

"I'm making this flight frankly to advertise the use of helicopters for shuttling over short routes," Butler said.

He has introduced a bill to establish one or more heliports in the District of Columbia.

"The trip to work takes me an hour and 20 minutes by car or train, and I commute every day," Butler said. "Traveling this way would be a real timesaver."

Butler said he found the helicopter to be very quiet inside the passenger compartment.

The big S58 moved swiftly, easily outpacing the automobiles racing along the highways below.

As the machine flew over a golf course Butler pointed and said, "That's what I hope to be doing a little later today."

Felons Caught On Md. Campus

COLLEGE PARK, Md., May 10 (AP)—Three prison trustees who tried to escape from work details were captured after a 20-minute bullet-punctuated chase on the University of Maryland campus today.

The three were returned to the Maryland House of Correction, about 14 miles north of here. They were identified as John L. Milligan, 27, of Federalsburg, due to be released next month from a six month sentence for non-support of minor children; Edward Leach, 33, of Baltimore, serving 18 months for robbery and Charles Brittingham, 26, of Salisbury, two years for assault.

Chief Dan Wiseman of the university's campus police and Sgt. Randolph Page stopped the trio after putting a bullet through the window of their car.

Wiseman told this story: Milligan and Brittingham were working at the Student Union. They exchanged their blue prison uniform shirts for white dress shirts left in a room by waiters in the union dining hall. Then they took the automobile of Miss Elaine Wright of Washington, D.C., parked about a block from the union.

Driving about a quarter mile the pair picked up Leach who was working at the dairy barn.

Wiseman said the three were headed for U.S. 1—the Washington Boulevard—when he and Sgt. Page spotted them and gave chase.

Page fired first at the car's tires but missed. The second shot, at the gas tank, entered the trunk. The third went through the rear window of the car.

"They stopped immediately then," Wiseman said, "and were huddled on the floor when we reached the car."

Ike Tells GOP Leaders Demos Have Lost South

LOUISVILLE, Ky., May 10 (AP)—President Eisenhower, speaking by long-distance telephone, told Republican leaders today the Democrats have lost control of the "Solid South" and the GOP is in Dixie to stay.

Citing "impressive increases" in GOP strength in the South in the last 20 years, Eisenhower called for a political offensive to recapture control of Congress next year.

His remarks were brought through an amplifier to party leaders from 12 Southern and border states attending a regional conference whose theme is "Concentrate on '58'." The meeting is the fourth in a nationwide series.

Eisenhower said the party's weakness in the South has been that Republicans failed to nominate candidates in many races. Even in 1956, he pointed out, there were no GOP candidates in 65 of the 114 congressional districts in Southern and border states.

"If we work long enough and hard enough, there can be no such thing as a hopeless state or a hopeless district," the President said. "We ought to have a candidate in every one."

The President also spoke out again in defense of the \$71,800,000 federal budget which he said was "not recklessly or carelessly thrown together."

He added the price of peace comes high, and the price of maintaining the peace comes high—that the cost "is inconsequential when compared with the price of war."

Turning again to the political scene, Eisenhower said in every presidential election since 1940, the Republicans have increased their percentage of the South's total vote.

"There is no longer a 'Solid South' controlled by one political party."

In 1956, he said, the "national ticket carried 23 of the 25 Southern counties that have cities of more than 100,000—and all together carried 44 of the 57 most populous counties."

Last year, Eisenhower won the electoral votes of Virginia, Florida, Texas, Tennessee, Kentucky, and Louisiana. Each sent delegates to the conference here as did Alabama, Arkansas, Georgia, Mississippi, North and South Carolina.

Man, Policeman Exchange Shots

WASHINGTON, May 10 (AP)—A husband who had just completed a sentence for threatening his wife engaged in a shooting match early today with a policeman assigned to protect her.

Police said six or eight shots were exchanged inside and outside the apartment building in southeast Washington where she lives. The policeman finally knocked the husband unconscious with the butt of his revolver.

The husband was identified as Robert G. Stepp, 38. The wife, Mrs. Rose M. Stepp, 35, had called police after a shot had been fired at her through a window. With Mrs. Stepp at the time were her 8-year-old son and 5-year-old daughter.

Pvt. Warren E. Peterson, 24, said he waited in the living room of the apartment nearly five hours before the husband returned, kicked in the front door and began firing with a .22 caliber rifle.

The Stepps, married 13 years ago, have been legally separated two years.

Police said Stepp had 100 rounds of ammunition and two knives on him.

Goose Brings Halt To Swedish Air Force Maneuvers

STOCKHOLM, May 10 (AP)—The Swedish air force has cancelled maneuvers because of a goose.

A spokesman of the Bravalla jet air force wing said all bombing and rocket strafing of the target island of Glan, in the Baltic, was stopped after a Canadian wild goose was found to be hatching six eggs on top of a pillbox.

"She is the first of her kind hatching in our area," said the aide-de-camp of the commander. "Standing orders are not to resume target practice until her small birds are able to take to the sea."

Railroad Announces Increase In Fares

PHILADELPHIA, May 10 (AP)—The Pennsylvania Railroad today announced the 15 per cent hike in first class passenger fares approved last month by the Interstate Commerce Commission will become effective on PRR lines next Wednesday.

The ICC approved the increase in fares for six Eastern routes on April 29.

Issue Draft Call

WASHINGTON, May 10 (AP)—The Army today issued a draft call for 13,000 men in July. This is the same quota previously announced for April, May and June.

Five Witnesses In State Commie Probe Suspended

BALTIMORE, May 10 (AP)—At least five more witnesses who invoked the Fifth Amendment in the congressional investigation of communism in Maryland were suspended or fired today.

There also was one report of violence as an aftermath of the three-day hearings which ended yesterday.

Mrs. Sirkka Tuomi Lee, blonde secretary who was among 22 recalcitrant witnesses at the hearings, was dismissed by the Eastern Stainless Steel Co.

Personnel director Carl F. Schier Jr. said she was fired "in the best interests of our organization."

Police investigated the smashing of a window at Mrs. Lee's home as she sat watching television with friends last night.

Bethlehem Steel Co. said it was planning to fire two more employees, for a total of eight, as a result of the hearings before a House Un-American Activities Subcommittee.

A United Steelworkers spokesman said "machinery is in operation" to expell the eight suspended Bethlehem Employees from the union.

Capital Airlines said it has suspended a mechanic. A school said it advised a teacher named at the hearing not to report to duty "pending further study."

Police also were instructed to keep a watch on the home of Miss Irene Barkaga, a Bendix Radio employe and FBI undercover agent who testified at the hearing and named several persons she knew as communists.

She told police she had received a number of annoying telephone calls.

Bethlehem in a statement said it is "suspending Milton Seif and Otto B. Yerrell with the intention to discharge them." Both work at Bethlehem's Key Highway shipyard.

They were among nine witnesses who yesterday invoked the 5th Amendment when questioned about communists and communism.

A total of 21 out of 23 witnesses balked at such questions in the three-day hearing which wound up yesterday.

Capital Airlines said it has suspended Frederick Hallengren, 49, an airplane-engine mechanic at Friendship International Airport and a Capital employe for 11 years. He previously worked for the Federal Civil Aeronautics Administration.

A native of Jamaica, N.Y., Hallengren refused to answer Congressional investigators when asked if he was a member of the Communist Party while an employe of the CAA.

Did Not Report
Herbert Nichol, a mathematics teacher at Boys Latin School, who also invoked the Fifth Amendment did not report for work today.

Headmaster Frederick A. Hahn said Nichol's appearance before the committee yesterday "was a great shock" and that the school considered it "advisable for him not to come in today under the circumstances."

The headmaster indicated the 44-year-old teacher and former union organizer, would not be on duty "pending further study."

Maryland's Attorney General C. Ferdinand Sybert said he was beginning a study of the hearing record to determine if an further investigation is indicated. He said he would check for possible violations under Maryland anti-subversive Ober Law.

Butler Uses Helicopter

WASHINGTON, May 10 (AP)—Sen. Butler (R-Md.) and Rep. Friedel (D-Md.), who commute daily between Baltimore and Washington, flew here in a helicopter today. Butler said it saved him nearly an hour's time.

They flew from Baltimore's Friendship Airport to Washington's National Airport, about 35 miles, in 20 minutes in a plush new 12-passenger Sikorsky S58 piloted by Dmitri Viner of Bridgeport, Conn., chief test pilot for the Sikorsky Aircraft Co. Viner is a nephew of helicopter designer Igor Sikorsky.

It was the first helicopter ride for the senator, but one of many for Friedel.

"I'm making this flight frankly to advertise the use of helicopters for shuttling over short routes," Butler said.

He has introduced a bill to establish one or more heliports in the District of Columbia.

"The trip to work takes me an hour and 20 minutes by car or train, and I commute every day," Butler said. "Traveling this way would be a real timesaver."

Butler said he found the helicopter to be very quiet inside the passenger compartment.

The big S58 moved swiftly, easily outpacing the automobiles racing along the highways below.

As the machine flew over a golf course Butler pointed and said, "That's what I hope to be doing a little later today."

Felons Caught On Md. Campus

COLLEGE PARK, Md., May 10 (AP)—Three prison trustees who tried to escape from work details were captured after a 20-minute bullet-punctuated chase on the University of Maryland campus today.

The three were returned to the Maryland House of Correction, about 14 miles north of here. They were identified as John L. Milligan, 27, of Federalsburg, due to be released next month from a six month sentence for non-support of minor children; Edward Leach, 33, of Baltimore, serving 18 months for robbery and Charles Brittingham, 26, of Salisbury, two years for assault.

Chief Dan Wiseman of the university's campus police and Sgt. Randolph Page stopped the trio after putting a bullet through the window of their car.

Wiseman told this story: Milligan and Brittingham were working at the Student Union. They exchanged their blue prison uniform shirts for white dressed shirts left in a room by waiters in the union dining hall. Then they took the automobile of Miss Elaine Wright of Washington, D. C., parked about a block from the union.

Driving about a quarter mile the pair picked up Leach who was working at the dairy barn.

Wiseman said the three were headed for U. S. 1—the Washington Boulevard—when he and Sgt. Page spotted them and gave chase.

Page fired first at the car's tires but missed. The second shot, at the gas tank, entered the trunk. The third went through the rear window of the car.

"They stopped immediately then," Wiseman said, "and were huddled on the floor when we reached the car."

AAUW Plans Activities, Has Educational Program

Plans for the spring luncheon and a book sale were discussed at the meeting of the Cumberland Branch, American Association of University Women, Wednesday evening at Woman's Civic Club house, at which time Alva Temple, supervisor of arithmetic in Washington County public schools, was guest speaker. Mrs. William Van Newkirk presided.

The spring luncheon and final meeting until fall, will be held June 8 at 1 o'clock, at the Ali Ghan Country Club at which time the new officers will be installed. They are Mrs. John G. Thomas, president; Miss Annie B. Gray, vice president and Miss Lillian Boughton, recording secretary.

A book sale will be held by the branch for the benefit of the Scholarship fund. It is to be May 17-18, at 61 Baltimore Street. All types of books will be sold. It was pointed out that donations are needed. Anyone having books to donate are asked to call Mrs. George Wolford, PA 2-3135. The committee named to pick up the books consists of Mrs. Thomas, Mrs. Howard Tolson, Mrs. William A. VanOrmer, Mrs. Milton Beneman, Mrs. George F. Hazelwood, Sr., in Cumberland; Mrs. R. J. Boneice, Mrs. Rudolph Steinberger, in Cresapton; Miss Mary E. Murray in Mt. Savage; Miss Margaret Hamilton, in Lonaconing; Mrs. Richard Winer, in Bowling Green; Mrs. Gilbert Miller, in Short Gap, and Mrs. Amer Suter, in Frostburg.

During the business session group reports were given and the proposed revised by-laws to be presented at the National Association convention in Boston, the end of June, were discussed.

Mrs. Temple spoke on the televised educational program which was used in six elementary and two high schools in Hagerstown this year. He explained the experimental project of putting TV in schools sponsored by the Ford Foundation and Radio, Electronics and TV Manufacturers Association. Washington county was selected because the school system there is not too large and the area is diversified between farm and city. Actually, he said, the experiment is to run over a five year period. There were 6,000 pupils involved and next year another 6,000 are expected to be involved.

The speaker pointed out that there has actually not been too much time to evaluate the program, but the immediate results appear to be satisfactory. Both pupils and teachers are pleased with it. Each class had only one televised lesson. The fourth grade had social studies; the fifth, arithmetic; the sixth, science. In the high school, general science was used in the ninth grade; geometry in the 10th; United States history in the 11th; and the seniors were divided into an advanced English and a general English course.

He went on into the technique, and explained that the telephone company facilities were used with specially designed equipment. It was actually setup last summer, having a teaching team consisting of a TV teacher and class room teacher workout the lessons together. In the elementary classes the program was 20 to 30 minutes, then a pupil discussion period was held. In the high school, the full period was

televised with 5 or 10 minutes to clear up points.

Mr. Temple went on to tell of the preparations and said the aim is to find how to do a job of educating better, and give as much as possible, eventually ending with better teaching.

A social concluded the evening with spring flowers decorating the refreshment table. Mrs. Boneice was chairman assisted by Mrs. Nora Troxell.

To Hold Communion Breakfast May 19

St. Mary's Sodality will hold its regular communion breakfast May 19, following the 7 o'clock mass. Rev. Kilian Krings, guardian of SS. Peter and Paul monastery and director of the Training Center, will be guest speaker. Tickets may be obtained from consultants.

AAUW Plans Activities, Has Educational Program

Plans for the spring luncheon and a book sale were discussed at the meeting of the Cumberland Branch, American Association of University Women, Wednesday evening at Woman's Civic Club house, at which time Alva Temple, supervisor of arithmetic in Washington County public schools, was guest speaker. Mrs. William Van Newkirk presided.

The spring luncheon and final meeting until fall, will be held June 8 at 1 o'clock, at the Ali Ghan Country Club at which time the new officers will be installed. They are Mrs. John G. Thomas, president; Miss Annie B. Gray, vice president and Miss Lillian Boughton, recording secretary.

A book sale will be held by the branch for the benefit of the Scholarship fund. It is to be May 17-18, at 61 Baltimore Street. All types of books will be sold. It was pointed out that donations are needed. Anyone having books to donate are asked to call Mrs. George Wolford, PA 2-3135. The committee named to pick up the books consists of Mrs. Thomas, Mrs. Howard Tolson, Mrs. William A. VanOrmer, Mrs. Milton Beneman, Mrs. George F. Hazelwood, Sr., in Cumberland; Mrs. R. J. Boneice, Mrs. Rudolph Steinberger, in Cresaptown; Miss Mary E. Murray in Mt. Savage; Miss Margaret Hamilton, in Lonaconing; Mrs. Richard Winer, in Bowling Green; Mrs. Gilbert Miller, in Short Gap, and Mrs. Amer Suter, in Frostburg.

During the business session group reports were given and the proposed revised by-laws to be presented at the National Association convention in Boston, the end of June, were discussed.

Mrs. Temple spoke on the televised educational program which was used in six elementary and two high schools in Hagerstown this year. He explained the experimental project of putting TV in schools sponsored by the Ford Foundation and Radio, Electronics and TV Manufacturers Association. Washington county was selected because the school system there is not too large and the area is diversified between farm and city. Actually, he said, the experiment is to run over a five year period. There were 6,000 pupils involved and next year another 6,000 are expected to be involved.

The speaker pointed out that there has actually not been too much time to evaluate the program, but the immediate results appear to be satisfactory. Both pupils and teachers are pleased with it. Each class had only one televised lesson. The fourth grade had social studies; the fifth, arithmetic; the sixth, science. In the high school, general science was used in the ninth grade; geometry in the 10th; United States history in the 11th; and the seniors were divided into an advanced English and a general English course.

He went on into the technique, and explained that the telephone company facilities were used with specially designed equipment. It was actually setup last summer, having a teaching team consisting of a TV teacher and class room teacher workout the lessons together. In the elementary classes the program was 20 to 30 minutes, then a pupil discussion period was held. In the high school the full period was

It doesn't seem so long since she was a little girl herself, picking out a card for her mother on Mother's Day. Yet this morning there was a card at the breakfast table, reading, "To Mommy, with love..."

On this day, she feels a special meaning as she goes to church with her little girl's white-gloved hand clasped tightly in hers. As they kneel in prayer together a wave of tenderness comes over her, and as she looks at the small figure by her side she at once feels grateful to God for making her a mother, and awed by the responsibility which is hers.

She prays God to endow her with the qualities all mothers need: common sense, a touch of humor, tenderness, wisdom, the capacity for comfort, a large measure of courage, quick laughter, and just a dash of sternness. And she is deeply thankful that in this, the most important task of her life, she has her Faith and her Church to guide her.

City Fathers Study Budget At Frostburg

Some Departments May Be Overdrawn

FROSTBURG — With but two months remaining in the current fiscal year, the city fathers are studying with care the April report of the city clerk William Vogtman. Although they are hopeful of keeping expenditures within the limits set up in the past years program, several weak spots have appeared and it is apparent that some adjustment will be necessary before July 1.

The administrative branch is one of the bright spots in the budget report. With \$27,297.00 set up in the current levy for the administration of the city's affairs, a balance of \$10,649.18 still remains, \$16,647.82 having been spent in the ten month period.

The street department with a budget of \$60,018.00, has spent \$49,923.88, leaving a balance of \$10,094.12 to cover the expenses of this department for the next two months.

The police department with an apportionment of \$38,303.00 for its operation and expense for the year is running ahead of the budget. \$35,776.19 has been spent to date by the department and a balance of \$2,526.81 remains. This amount will not cover expenses for the month of May, and will leave nothing whatever for the month of June. It will be necessary to make a drastic adjustment in the budget to properly cover expenditures of this department.

The amount set up for the operation of the fire department in 1956-57 was \$9,136.00 and at the end of April the fire department had received \$222.61 over this amount.

\$40,000 was earmarked for the use of the water department for the twelve months ending June 30, 1957. Of which a credit balance of \$4,616.88 remains. This will apparently cover slightly over one month expense for the department, but will require a slight adjustment in order to complete the 12 month period.

With a credit balance of \$1,179.19, the street lighting department should have sufficient to cover all expenses that may occur during the coming 60 days, as the average expenditure of the street lighting department is fairly stable and amounts to \$670.00 monthly. Some slight adjustment may become necessary in this department.

A careful analysis to the budget discloses that with some departmental adjustments, the expenses of the city government can be brought within the amount set up in the budget for the fiscal year of 1956-57. However, this amount does not allow anything for capital improvements or improved services, and unless additional funds are forthcoming, street repairs will have to be kept to a minimum, and extension or improvements in the water system will be out of the question, council members believe.

Hyndman To Register Pre-School Children

HYNDMAN, Pa. — The registration and visiting day for pre-school children who will be entering school in September is May 24 at the Hyndman Grade building.

Londonderry township and Hyndman borough pre-school children will report on the same day at 9 a. m. and remain until dismissal at 3:45 p. m. A free lunch will be provided for the pre-school children by the school cafeteria for that day.

Parents are asked to arrange to have children brought in to school by an older brother or sister or another student who will be responsible for bringing them to school and returning them home.

Returns Home

LONACONING — Mrs. Charlton Dodds, Douglas Avenue, who underwent an emergency operation at Memorial Hospital April 27, is recuperating at her home.

Old-Time Barber Shop Is Closed At Moorefield

MOOREFIELD, W. Va. — One of Moorefield landmarks for three quarters of a century closed its doors last week when John Friddle moved out of his barber shop and retired. Friddle's Barber Shop, for over half a century was a center for the male population in Moorefield. It was the one place for men only and was one of the few places left in the country for cuspidors for the use of patrons.

John Friddle barbered and operated the shop for 54 years and his father Henry Friddle had it for more than 20 years before that.

John has been of failing health for the past several years. He was known for his wit and punning remarks. In the past the shop was a center of political activity and former Mayor J. Harry Dolan barbered in the shop for years.

Tucker County School Board Faces Loss Of State Funds

Health Program Being Studied

PARSONS — Tucker County schools will receive \$20,000 less in state aid for the school year 1957-58. The major percentage of the loss in aid is due to the drop in school enrollment.

The Board of Education is faced with a rising cost in labor, materials, instructional supplies, social security matching funds for all school personnel and in order to meet these obligations and to overcome some of the loss in state aid the board must seek new sources of revenue locally.

The 1957 Legislature made no additional appropriations for the schools in the state and has consistently insisted upon more local support for each county's schools.

Tucker County is one of the few counties of the state whose voters have refused to support a special levy to gain additional funds for school purposes, while at the same time consistently losing state aid because of the loss in school population.

The board has rejected the raising of school taxes as a means of raising school monies since it feels that the tax would be a burden on many of the county's taxpayers in view of poor economic conditions prevailing throughout the county. There is no plan to levy the tax at this time.

In order to meet the school

budget for the coming school years, the board put into effect the transfer tax of \$2.20 per \$500 consideration paid as provided by the law passed by the 1957 West Virginia Legislature, effective July 1.

This tax applies to deeds and deeds of trust and will be determined according to the actual amount paid for property, or the amount borrowed, no tax would be due on transfers where no consideration was paid.

Members approved the memorandum of understanding with the Extension Service, whereby the board will pay \$2,400 to the county 4-H club agent when one is engaged. Miss Martha Bomberger, who has served the county four years, resigned her position, effective in August.

Miss Ruth Williams, a senior in Parsons High School and the daughter of Mr. and Mrs. Louis A. Williams, was selected by the board for a teacher's scholarship. Clayton Evans, a senior and the son of Mr. and Mrs. Glennis Evans of Leadmine, was chosen as alternate.

Following a lengthy discussion concerning a county health department, the board agreed on establishing such a department and will help finance the salary of a public health nurse who would also serve the schools in the county, providing such a unit is set up.

The group voted to have repairs made to Mountaineer Senior High School which would include a 60 by 28-foot building to be used for a vo-ag room; painting and repainting at the Parsons High School and repairing the inside and outside walls, painting, plastering and refinishing of floors in Parsons Graded School.

The board voted to go on Daylight Saving Time.

4-H Club Meets

ELLERSLIE — 4-H Club held their meeting in the Methodist church hall. Girls repeated the 4-H pledge and had a discussion on what projects they would like to work on this summer. The next meeting, May 17 will be held at the home of Carolyn and Darlene Faulkner.

Keyser Guard Is Camping This Weekend

KEYSER — The Keyser National Guard will go to Camp Dawson, Kingwood, for week-end training in preliminary rifle marksmanship Saturday and Sunday, according to an announcement by Battery C 201st Armored Field Artillery Battalion. Personnel in the advance party which left Thursday includes John Bowman, Clarence Evans, Jack Hood, Miller, Robert Carr, William Iser, Donald Day, and Robert Sherman.

The 116 enlisted men of the National Guard will receive two days training on the rifle range and target pits. Each man will fire his individual weapon, through rapid fire, sustained fire and timed fire from different ranges. Weapons used are M-1 Rifle, Carbine, and Sub-machine guns. Range supervision will be conducted by officers and NCO's of the unit and safety officer Lt. Curtis M. Rotruck.

Camp Dawson, two miles east of Kingwood, is a state road maintenance depot and headquarters of the 201st Armored Field Artillery Battalion. The outdoor range practice will conclude six weeks of marksmanship training which they received at the Armory during drill periods.

Fire Destroys Two Buildings At Tunnelton

Damage Estimated At Over \$30,000

TUNNELTON, W. Va. — An early morning fire destroyed two buildings in Tunnelton yesterday across the street (part of W. Va. Route 26) from the Baltimore and Ohio Railroad mainline to Grafton, Parkersburg and St. Louis.

One of the buildings, the three-story tile and brick old Tunnelton Theatre, housing apartments and a restaurant, burned to the ground after raging out of control for nearly five hours.

An adjoining frame building was also badly damaged, but families in three apartments were evacuated by firemen of six area companies responding to the general alarm.

Damage has been estimated at \$30,000. The original cost of the theater building was \$60,000.

City Fathers Study Budget At Frostburg

Some Departments May Be Overdrawn

FROSTBURG — With but two months remaining in the current fiscal year, the city fathers are studying with care the April report of the city's budget, recently presented by City Clerk William Vogtman. Although they are hopeful of keeping expenditures within the confines set up in the past years program, several weak spots have appeared and it is apparent that some adjustment will be necessary before July 1.

The administrative branch is one of the bright spots in the budget report. With \$27,297.00 set up in the current year for the administration of the city's affairs, a balance of \$10,649.18 still remains, \$16,647.82 having been spent in the ten month period.

The street department with a budget of \$60,018.00, has spent \$49,923.88, leaving a balance of \$10,094.12 to cover the expenses of this department for the next two months.

The police department with an appropriation of \$38,303.00 for its operation and expense for the year is running ahead of the budget. \$35,776.19 has been spent to date by the department and a balance of \$2,526.81 remains. This amount will not cover expenses for the month of May, and will leave nothing whatever for the month of June. It will be necessary to make a drastic adjustment in the budget to properly cover expenditures of this department.

The amount set up for the operation of the fire department in 1956-57 was \$9,136.00 and at the end of April the fire department had received \$222.61 over this amount.

\$40,000 was earmarked for the use of the water department for the twelve months ending June 30, 1957. Of which a credit balance of \$4,616.88 remains. This will apparently cover slightly over one month expense for the department, but will require a slight adjustment in order to complete the 12 month period.

With a credit balance of \$1,179.19, the street light department should have sufficient to cover all expenses that may occur during the coming 60 days, as the average expenditure of the street lighting department is fairly stable and amounts to \$670.00 monthly. Some slight adjustment may become necessary in this department.

A careful analysis to the budget discloses that with some departmental adjustments, the expenses of the city government can be brought within the amount set up in the budget for the fiscal year of 1956-57. However, this amount does not allow anything for capital improvements or improved services, and unless additional funds are forthcoming, street repairs will have to be kept to a minimum, and extension or improvements in the water system will be out of the question, council members believe.

Hyndman To Register Pre-School Children

HYNDMAN, Pa.—The registration and visiting day for pre-school children who will be entering school in September is May 24 at the Hyndman Grade building.

Old-Time Barber Shop Is Closed At Moorefield

MOOREFIELD, W. Va. — One of Moorefield landmarks for three quarters of a century closed its doors last week when John Friddle moved out of his barbershop and retired. Friddle's Barber Shop, for over half a century was a center for the male population in Moorefield. It was the one place for men only and was one of the few places left in the country with cuspidors for the use of patrons.

John Friddle barbered and operated the shop for 54 years and his father Henry Friddle had it for more than 20 years before that.

John has been of failing health for the past several years. He was known for his wry wit and pungent remarks. In the past the shop was a center of political activity and former Mayor J. Harry Dolan barbered in the shop for years.

Class To Buy Church Hymnals

ELLERSLIE — Light Bearers Sunday School Class of the Methodist Church met Wednesday evening at the home of Mrs. Norma Schade. Mrs. Colleen Growden, president was in charge of the meeting. Mrs. Ina McCloud was in charge of devotions. Mrs. Marjorie Nixon gave the prayer and Mrs. Erma Burkett read the scripture. Each member read a verse of scripture. Motion was made to buy hymnals for the church. Final plans were made for the musical program to be held Friday night. Refreshments were served by Mrs. Schade and Mrs. Marie Zembower.

Parents are asked to arrange to have children brought in to school by an older brother or sister or another student who will be responsible for bringing them to school and returning them home.

Tucker County School Board Faces Loss Of State Funds

Health Program Being Studied

PARSONS — Tucker County schools will receive \$20,000 less in state aid for the school year 1957-58. The major percentage of the loss in aid is due to the drop in school enrollment.

The Board of Education is faced with a rising cost in labor, materials, instructional supplies, social security matching funds for all school personnel and increased teachers salaries. In order to meet these obligations and to overcome some of the loss in state aid the board must seek new sources of revenue locally.

The 1957 Legislature made no additional appropriations for the schools in the state and has consistently insisted upon more local support for each county's schools.

Tucker County is one of the few counties of the state whose voters have refused to support a special levy to gain additional funds for school purposes, while at the same time consistently losing state aid because of the loss in school population.

The board has rejected the capitation tax as a means of raising school monies since it feels that the tax would be a burden on many of the county's taxpayers in view of poor economic conditions prevailing throughout the county. There is no plan to levy the tax at this time.

In order to meet the school

budget for the coming school years, the board put into effect the title transfer tax of \$2.20 per \$300 consideration paid as provided by the law passed by the 1957 West Virginia Legislature, effective July 1.

This tax applies to deeds and deeds of trust and will be determined according to the actual amount paid for property, or the amount borrowed. No tax would be due on transfers where no consideration was paid.

Members approved the memorandum of understanding with the Extension Service, whereby the board will pay \$2,400 to the county 4-H Club agent when one is engaged. Miss Martha Bomberger, who has served the county four years, resigned her position, effective in August.

Miss Ruth Williams, a senior in Parsons High School and the daughter of Mr. and Mrs. Louis A. Williams, was selected by the board for a teacher's scholarship. Clayton Evans, a senior and the son of Mr. and Mrs. Glennis Evans of Leadmine, was chosen as alternate.

Following a lengthy discussion concerning a county health department, the board agreed on establishing such a department and will help finance the salary of a public health nurse who would also serve the schools in the county, providing such a unit is set up.

The group voted to have repairs made to Mountaineer Senior High School which would include a 60 by 28-foot building to be used for a vo-ag room; painting and repairing at the Parsons High School and repairing the inside and outside walls, painting, plastering and refinishing of floors in Parsons Graded School.

The board voted to go on Daylight Saving Time.

4-H Club Meets

ELLERSLIE — 4-H Club held their meeting in the Methodist church hall. Girls repeated the 4-H pledge and had a discussion on what projects they would like to work on this summer. The next meeting, May 17 will be held at the home of Carolyn and Darlene Faulkner.

Keyser Guard Is Camping This Weekend

KEYSER — The Keyser National Guard will go to Camp Dawson, Kingwood, for week-end training in preliminary rifle marksmanship Saturday and Sunday, according to an announcement by Battery C 201st Armored Field Artillery Battalion. Personnel in the advance party which left Thursday includes John Bowman, Clarence Evans, Jack Hood, Robert Miller, Robert Carr, William Iser, Donald Day, and Robert Brummage.

The 116 enlisted men of the National Guard will receive two days training on the rifle range and target pits. Each man will fire his individual weapon, through rapid fire, sustained fire and timed fire from different ranges. Weapons used are M-1 Rifle, Carbine, and Sub-machine guns. Range supervision will be conducted by officers and NCO's of the unit and safety officer Lt. Curtis M. Rotruck.

Camp Dawson, two miles east of Kingwood, is a state road maintenance depot and headquarters of service battery of the 201st Armored Field Artillery Battalion. The outdoor range practice will conclude six weeks of marksmanship training which they received at the Armory during drill periods.

Fire Destroys Two Buildings At Tunnelton

Damage Estimated At Over \$30,000

TUNNELTON, W. Va. — An early morning fire destroyed two buildings in Tunnelton yesterday across the street (part of W. Va. Route 26) from the Baltimore and Ohio Railroad mainline to Grafton, Parkersburg and St. Louis.

One of the buildings, the three-story tile and brick old Tunnelton Theatre, housing apartments and a restaurant, burned to the ground after raging out of control for nearly five hours.

An adjoining frame building was also badly damaged, but families in three apartments were evacuated by firemen of six area companies responding to the general alarm.

Damage has been estimated at \$30,000. The original cost of the theater building was \$60,000.

Local Banks Consolidate

Yesterday marked the end of the use of the Commercial Savings Bank on the corner of Liberty and Frederick streets as a branch bank of the Liberty Trust Company.

Beginning Monday all business formerly conducted at this branch will be handled at the Liberty Trust Company banking quarters on Baltimore Street, Charles A. Piper, president, announced today.

The officers and staff of the Commercial Bank will assume their positions in the merged institutions at the same time.

The two banks were merged last year with George C. Cook, cashier of Commercial, being made a vice president of the Liberty Trust Company.

The merged institution has a total capital account including reserves, of approximately \$2,300,000 supporting the deposits of the bank.

Former customers of the Commercial will have available additional services of the trust departments of Liberty Trust.

The Liberty Trust provides parking services at Midtown Parking Lot, Central Parking Lot, Blue White Tower Parking Lot, and Community Parking Lot, Piper said.

Police Frisking Uncovers "Treasure" In Man's Pockets

When you get booked at local police headquarters, you are frisked before being placed in a cell. Last night a man was picked up in connection with a disturbance at a local pool room and when police began frisking the man, they were in for a surprise.

He began to empty his pockets including those of a field jacket he was wearing. Among the items he had were some "dud" shells, fishing line, handkerchiefs, medicine bottles, pen knife, pliers, tobacco, cigarette lighter and cigars. Book matches, pocket book, keys and road map to name just a few of the items. They took his belt but returned most of his belongings. It is his problem to get them back into his pockets.

Youth Apprehended In Store Fracas

A 13-year-old local youngster was apprehended here last night and placed in the custody of his parents in connection with a disturbance at a local store. He will be taken to Juvenile Court.

City Police said the boy entered Spano's Store at 142 North Centre Street and after picking up a pack of gum told the proprietor to put it on the bill.

The proprietor came from behind the counter and approached the boy whom he knew. Police said the lad struck the man and knocked him up against a stove. The proprietor apparently was not injured seriously.

Local College Student Honored At Program

Earl Smith, son of Mrs. Katherine B. Smith, 7 Mary Street, recently received a student council certificate of appreciation at the annual May Day Awards Night Program of George Washington University, Washington, D. C.

Student council certificates are given to university students for helping promote student council activities.

Dance Tonight

MIDLAND — The Midland American Legion is opening its summer dance program tonight with a dance at the post home from 8:45 p.m. to 11:45 p.m. Dances will be held, open to the public, each Saturday night, according to John J. Devlin.

U. Of Md. Students Will Conduct Rally

The Tri-State Youth for Christ rally today will be conducted by students from the University of Maryland.

The Gospel team represents the Maryland Christian Fellowship, an inter-denominational chapter of the Inter-Varsity Christian Fellowship and the Campus Crusade for Christ. Its primary purpose is to stimulate Christian activities on the campus.

Robert Jones, Cresaptown, is a member of the team. He is a graduate of Allegheny High School and won a four-year scholarship to the University of Maryland. Before attending the University of Maryland, he was active in Youth for Christ.

The rally will be conducted in the Salvation Army Citadel, 115 North Mechanic Street, at 8 p. m.

Cancer Total Over \$8,100

Allegheny county's 1957 Cancer Crusade total went over \$8,100 yesterday when additional returns from Frostburg put that city's donations in excess of \$1,500, according to William Walsh, president of Allegheny County Chapter, Maryland Division, Inc., American Cancer Society.

"Frostburg's businessmen have added about \$500 to the approximately \$1,000 raised in the door-to-door canvass," Walsh added, "to make that area's record the best of any section of the county."

"The exact campaign total at this time is \$8,168.78, compared to last year's final total of \$7,177.50," Walsh continued, "and we are now very hopeful of raising at least \$10,000."

Five unions have sent in checks this week for \$170. The International Brotherhood of Electrical Workers AFL 307 donated \$100; International Hodcarriers and Common Laborers Local 1025 donated \$25; Carpenters Local 1025 also donated \$25; United Brewery Local 285 donated \$10, and the Journeymen Plumber and Steamfitters Local 489 also gave \$10.

Additional employee charity fund donations included Allegheny Ballistics Laboratory \$75; Allegheny County Welfare Board \$65; Cumberland Cement and Supply Company \$60; State Employment Office \$42; Liberty Trust Company \$27.61; Crystal Laundry \$25, and Memorial Hospital \$25.

Two Men Are Jailed On Motor Violations

Two men Thursday were committed to Allegheny County Jail when they were unable to pay heavy fines assessed by Magistrate J. Milton Dick on motor vehicle violations.

Leslie Lawrence Whetstone, 211 Centre Street, Frostburg, was fined \$100 and costs for failure to stop after striking an unattended vehicle and \$50 and costs for reckless driving. He was given 60 days in jail when he was unable to pay the fine.

Thomas Lee Morgan, Braddock Road, was fined \$150 and costs on another motor charge and was given 30 days in jail when unable to pay.

Lt. (jg.) Kenneth T. Skelley, son of Mrs. T. C. Skelley, 430 Grand Avenue, is on leave prior to reporting to the Panama Canal Zone for duty as assistant industrial director at Balboa Heights. He had been stationed at the Brooklyn Navy Yards.

His wife, Mrs. Violet M. Skelley and their three children, Kenneth, 9; Mark, 5; and Jill, two months, will join Lt. Skelley in June.

South End Business Group Opposes Tax Raise By City

The Board of Directors of the South Cumberland Business Men's Association said yesterday it is "opposed to the proposed 25-cent increase in the city tax rate."

The board's announcement in a special bulletin mailed to members yesterday morning referred to a proposal by the Mayor and Council to increase the tax limitation from \$1.25 to \$1.50 which would make an additional 25 cents available for operating expenses if needed. The city is within a few mills of the \$1.25 figure.

Yesterday's action is the second opposition move in recent days. Petitions are being circulated by another group of local men calling for a referendum on the issue. At least 20 per cent of the city's qualified voters must sign.

In its statement yesterday, the board said:

"The above motion was made after very thorough discussion and deliberation. It was agreed that until such time that a budget is submitted which will show the absolute necessity for increasing the tax rate 25 cents, we have no alternative except to oppose same."

"Below is a comparative breakdown of the tax picture for 1950, 1956 and the proposed 1957 increase:

CITY TAXES			
(Operation expense only)			
Year	Rate	Assessable Revenue	Basic Income
'50 \$0.90		\$64,300,000	\$ 578,700
'56 1.2403		73,500,000	911,620
'57 1.50 (Proposed)		73,500,000	1,102,500

"From 1950 to 1956 the total operating revenue income increased 57 per cent. It is recognized that operating costs have increased, but it is not believed to this extent, in a six-year period, nor have city services been similarly expanded. In addition to the above operating expense rate the debt service tax rate will necessarily have to increase to amortize and pay interest on the bonds required for committed capital expenditures. The proposed increase for 1957 would amount to 90 per cent over 1950 for operating expenses."

"We are not opposed to progressive improvements for the city but feel that these must be tempered with our ability to pay, as each of our members must do in their own business and personal activities. We feel that the solution must be a long range plan rather than temporary expediency through recurring increases from year to year. We feel that a financial consulting group should be re-established and their recommendations adhered to over the coming years. The problem is one of our generation—not our children's."

"Though no formal action resulted, your directors discussed the advisability of recommending a city manager form of government to accomplish the long range aims. Further study of this matter is being made and an expression of the members' opinions would be welcome."

"Until such time as specific costs are budgeted and translated into definite tax rate requirements, we are opposed to any lump sum increase in the operating tax rate."

Youths Hospitalized Following Falls

Two youths were admitted Thursday to Memorial Hospital for X-rays and observation as the result of falls, attaches report.

Admitted were Robert Buckbee, 14-year-old son of Mr. and Mrs. Odell Buckbee, Romney, who suffered an injury to his left forearm when he fell about ten feet from a building in that community, and Nelson Carroll, six-year-old son of Mr. and Mrs. Floyd Carroll, 18 South Paw Paw Way, who injured his right forearm when he fell from a swing.

Five United States Presidents married twice — Tyler, Harrison, Fillmore, Theodore Roosevelt and Wilson.

County Board Discusses Plan For Road Work

The Allegheny County Board of Commissioners yesterday discussed the possibility of widening of Braddock Farms Road at its intersection with U. S. Route 40 to alleviate the hazard to traffic at that point.

Thomas L. Smith, a member of the LaVale Volunteer Fire Company, met with the board on the matter. Smith said the LaVale Fire Company owns the large property on the west side of the intersection which was gutted by fire this week. He said the firemen would probably be interested in granting the use of part of the land along the road so that it could be widened.

The board has received a number of complaints concerning the intersection. Cars emerging from Braddock Farms have to traverse a grade as the road meets the highway and the front of their cars are on the highway before they can see oncoming traffic.

Smith said he would confer with the firemen at a meeting Tuesday to outline the proposal. He will meet with J. Walker Chapman, county roads supervisor, following the session to make further plans.

The bid of the Cumberland Office Supply Company, to print 300 copies of the tax levy was accepted by the board. The work will cost \$60. The only other bid was by the Monarch Printing Company which bid \$62 for the work.

A letter was received from Donald U. Moffett, chairman of the LaVale Court Improvement Association, requesting that signs be placed on the thoroughfare in an effort to curtail speeding by motorists.

The board instructed Chapman to place a 25-mile speed limit sign and also a "dead end" sign. Four notices by the Allegheny County Health Department to property owners along McCullen Highway ordered them to eliminate the drainage of sewage onto the highway were approved by the board. The property owners were given 15 days in which to comply with the order.

The board also renewed the lease of 9.10 acres of land to the federal government for a token payment of \$1. The land is occupied by the Naval and Marine Reserve Training Center buildings.

A request was received from Merle Hinkle for repairs to the Old Williams Road. The question of which road Hinkle is referring to was brought up. Commissioner William H. Lemmert said there are several roads which are known by that name.

The board received a letter signed by five owners of property along the roadway into the Dawson Cemetery in which they granted permission to the county to utilize their land for the improvement of the roadway.

Chapman said the roadway is so narrow that a fence along one side would have to be removed to allow the grader to be used. The property owners will be asked to fill out the regular right-of-way papers and give permission for the fence removal before any work can be done in repairing the road the board decided.

The property owners are Loretta Kesner, Ernest L. Kesner, W. J. Rexroad, Bessie Rexroad and Thelma Slider.

Will Is Probated

The will of Clyde A. Valentine, city, who died December 8, 1956, was admitted to probate in Orphans Court yesterday. Frank Twigg obtained letters of administration on the estate. Edward Joseph Johnson Jr., was named beneficiary.

Board Seeks Bids On Materials

The Allegheny County Board of Commissioners yesterday ordered advertising for bids on emulsified asphalt, crushed stone and one or more light dump trucks.

The stone and asphalt will be used in the county road surface treatment program in the near future. Approximately 200,000 gallons of emulsified asphalt will be required with the material conforming to State Roads Commission specifications.

Delivery of the asphalt by tank truck in minimum lots of 3,000 gallons to job sites and provisions for storing at the job sites will be required. Delivery dates will be from July 1, 1957 to June 30, 1958.

Full details on the requirements can be obtained at the county road supervisor's office, Union Street County Building.

The sealed bids will be opened Tuesday, June 4, at 10:30 a. m. Approximately 10,000 tons of Grades 2, 3 and 4 crushed stone and 10,000 tons of CRD stone will be needed by the county and bids on this material will be received until Tuesday, June 4, at 10:30 a. m. when they will be opened by the commissioners at the Court House.

The Grades 2, 3 and 4 crushed stone must meet State Roads specifications and the CRD must contain at least 50 per cent of crushed limestone not to exceed one inch in size.

Local Banks Consolidate

Yesterday marked the end of the use of the Commercial Savings Bank on the corner of Liberty and Frederick streets as a branch bank of the Liberty Trust Company.

Beginning Monday all business formerly conducted at this branch will be handled at the Liberty Trust Company banking quarters on Baltimore Street, Charles A. Piper, president, announced today.

The officers and staff of the Commercial Bank will assume their positions in the merged institutions at the same time.

The two banks were merged last year with George C. Cook, cashier of Commercial, being made a vice president of the Liberty Trust Company.

The merged institution has a total capital account including reserves, of approximately \$2,300,000 supporting the deposits of the bank.

Former customers of the Commercial will have available additional services of the trust departments of Liberty Trust.

The Liberty Trust provides parking services at Midtown Parking Lot, Central Parking Lot, Blue White Tower Parking Lot, and Community Parking Lot, Piper said.

Police Frisking Uncovers "Treasure" In Man's Pockets

When you get booked at local police headquarters, you are frisked before being placed in a cell. Last night a man was picked up in connection with a disturbance at a local pool room and when police began frisking the man, they were in for a surprise.

He began to empty his pockets including those of a field jacket he was wearing. Among the items he had were some "dud" shells, fishing line, handkerchiefs, medicine bottles, pen knife, pliers, tobacco, cigarette lighter and cigars, book matches, pocket book, keys and road map to name just a few of the items. They took his belt but returned most of his belongings. It is his problem to get them back into his pockets.

Youth Apprehended In Store Fracas

A 13-year-old local youngster was apprehended here last night and placed in the custody of his parents in connection with a disturbance at a local store. He will be taken to Juvenile Court.

City Police said the boy entered Spano's Store at 142 North Centre Street and after picking up a pack of gum told the proprietor to put it on the bill.

The proprietor came from behind the counter and approached the boy whom he knew. Police said the lad struck the man and knocked him up against a stove. The proprietor apparently was not injured seriously.

Local College Student Honored At Program

Student council certificates are given to university students for helping promote student council activities.

Dance Tonight

MIDLAND — The Midland American Legion is opening its summer dance program tonight with a dance at the post home from 8:45 p.m. to 11:45 p.m. Dances will be held, open to the public, each Saturday night, according to John J. Devlin.

U. Of Md. Students Will Conduct Rally

The Tri-State Youth for Christ rally today will be conducted by students from the University of Maryland.

The Gospel team represents the Maryland Christian Fellowship, an inter-denominational chapter of the Inter-Varsity Christian Fellowship and the Campus Crusade for Christ. Its primary purpose is to stimulate Christian activities on the campus.

Robert Jones, Cresaptown, is a member of the team. He is a graduate of Allegheny High School and won a four-year scholarship to the University of Maryland. Before attending the University of Maryland, he was active in Youth for Christ.

The rally will be conducted in the Salvation Army Citadel, 115 North Mechanic Street, at 8 p. m.

Cancer Total Over \$8,100

Allegheny county's 1957 Cancer Crusade total went over \$8,100 yesterday when additional returns from Frostburg put that city's donations in excess of \$1,500, according to William Walsh, president of Allegheny County Chapter, Maryland Division, Inc., American Cancer Society.

"Frostburg's businessmen have added about \$500 to the approximately \$1,000 raised in the door-to-door canvass," Walsh added, "to make that area's record the best of any section of the county."

"The exact campaign total at this time is \$8,168.76, compared to last year's final total of \$7,177.50," Walsh continued, "and we are now very hopeful of raising at least \$10,000."

Five unions have sent in checks this week for \$170. The International Brotherhood of Electrical Workers AFL 307 donated \$100; International Hodcarriers and Common Laborers Local 1025 donated \$25; Carpenters Local 1025 also donated \$25; United Brewery Local 265 donated \$10, and the Journeymen Plumber and Steamfitters Local 489 also gave \$10.

Additional employee charity fund donations included Allegheny Ballistics Laboratory \$75; Allegheny County Welfare Board \$65; Cumberland Cement and Supply Company \$60; State Employment Officer \$42; Liberty Trust Company \$27.61; Crystal Laundry \$25, and Memorial Hospital \$25.

South End Business Group Opposes Tax Raise By City

The Board of Directors of the South Cumberland Business Men's Association said yesterday it is "opposed to the proposed 25-cent increase in the city tax rate."

The board's announcement in a special bulletin mailed to members yesterday morning referred to a proposal by the Mayor and Council to increase the tax limitation from \$1.25 to \$1.50 which would make an additional 25 cents available for operating expenses if needed. The city is within a few mills of the \$1.25 figure.

Yesterday's action is the second opposition move in recent days. Petitions are being circulated by another group of local men calling for a referendum on the issue. At least 20 per cent of the city's qualified voters must sign.

In its statement yesterday, the board said:

"The above motion was made after very thorough discussion and deliberation. It was agreed that until such time that a budget is submitted which will show the absolute necessity for increasing the tax rate 25 cents, we have no alternative except to oppose same."

"Below is a comparative breakdown of the tax picture for 1950, 1956 and the proposed 1957 increase:

CITY TAXES (Operating expense only)				
Year	Rate	Operating Basis	Assessable Revenue	Income
50	\$0.50	\$64,300,000	\$32,150,000	\$378,700
56	1.25	72,500,000	911,620	1,102,500
57	1.50 (Proposed)	72,500,000	1,102,500

"We are not opposed to progressive improvements for the city but feel that these must be tempered with our ability to pay, as each of our members must do in their own business and personal activities. We feel that the solution must be a long range plan rather than temporary expediency through recurring increases from year to year. County Board Discusses Plan For Road Work

A letter was received from Donald U. Moffett, chairman of the LaVale Court Improvement Association, requesting that signs be placed on the thoroughfare in an effort to curtail speeding by motorists.

The board instructed Chapman to place a 25-mile speed limit sign and also a "dead end" sign.

Four notices by the Allegheny County Health Department to property owners along McMullen Highway ordered them to eliminate the drainage of sewage onto the highway were approved by the board. The property owners were given 15 days in which to comply with the order.

The board also renewed the lease of 9.10 acres of land to the federal government for a token payment of \$1. The land is occupied by the Naval and Marine Reserve Training Center buildings.

A request was received from Merle Hinkle for repairs to the Old Williams Road. The question of which road Hinkle is referring to was brought up. Commissioner William H. Lemmert said there are several roads which are known by that name.

The board received a letter signed by five owners of property along the roadway into the Dawson Cemetery in which they granted permission to the county to utilize their land for the improvement of the roadway.

Chapman said the roadway is so narrow that a fence along one side would have to be removed to allow the grader to be used. The property owners will be asked to fill out the regular right-of-way papers and give permission for the fence removal before any work can be done in repairing the road the board decided.

The property owners are Loreta Kesner, Ernest L. Kesner, W. J. Rexroad, Bessie Rexroad and Thelma Slider.

Will Is Probated

The will of Clyde A. Valentine, city, who died December 8, 1956, was admitted to probate in Orphans Court yesterday. Frank Twigg obtained letters of administration on the estate. Edward Joseph Johnson Jr., was named beneficiary.

Board Seeks Bids On Materials

The Allegheny County Board of Commissioners yesterday ordered advertising for bids on emulsified asphalt, crushed stone and one or more light dump trucks.

The stone and asphalt will be used in the county road surface treatment program in the near future. Approximately 200,000 gallons of emulsified asphalt will be required with the material conforming to State Roads Commission specifications.

Delivery of the asphalt by tank truck in minimum lots of 3,000 gallons to job sites and provisions for storing at the job sites will be required. Delivery dates will be from July 1, 1957 to June 30, 1958.

Full details on the requirements can be obtained at the county road supervisor's office, Union Street County Building.

The sealed bids will be opened Tuesday, June 4, at 10:30 a. m. Approximately 10,000 tons of Grades 2, 3 and 4 crushed stone and 10,000 tons of CRD stone will be needed by the county and bids on this material will be received until Tuesday, June 4, at 10:30 a. m. when they will be opened by the commissioners at the Court House.

The Grades 2, 3 and 4 crushed stone must meet State Roads specifications and the CRD must contain at least 50 per cent of crushed limestone not to exceed one inch in size.

Prices are being asked for each grade on the county's trucks at the plant. Prices for delivery by truck to job sites in the vicinity of Westernport, Barton, Lonaconing, Midland, Frostburg, Mt. Savage, McCoole, Cresaptown, Flintstone, Oldtown and Cumberland are also asked. Vicinity in this instance means within a 10-mile radius. The delivery dates are from July 1, 1957 to June 30, 1958.

Bids will also be received by

the board on one or more light dump trucks until Tuesday, June 4 at 10:30 a. m.

The bids must be accompanied with indication of approximate delivery date and separate offered prices for one 1939 stake truck and one 1946 dump truck. The trucks must be two-ton types with cab and dump bodies.

The Pendulum Of Social Thinking

University students were in the vanguard of the freedom fighters in Hungary, and many of them died in the struggle against Soviet tyranny. Students in Cuba are so active in the opposition to the Batista dictatorship that the University of Havana has been closed down.

Youth's natural feeling that the old authority must give way to something better has not always led young people to pick the right side, however. Sometimes it has been effectively exploited by the Communists to replace the bad with something far worse. Why do men, by and large, tend to be radical in youth and conservative in old age? Some of the reasons are fairly obvious. Breaking away from parental and other authority is a typical and normal adolescent pre-occupation. But Dr. Erich Fromm, psychiatrist who has written best sellers, has an added explanation. Older persons, he points out, have seen many of the social evils of their youth corrected, so they fail to see the new vices which appear because they are so happy that the old ones are gone. Their children and grandchildren see the new vices, never realizing that some of them may be byproducts of the struggle to remove the old ones.

The greatest danger in the 19th Century, Dr. Fromm notes, was from 19th Century authoritarianism. It has largely disappeared, though there are remnants in backward parts of the world. But the authoritarianism which assumed the superiority of a hereditary aristocracy and the unfitness of the people to rule themselves has been replaced by an authoritarianism which lacks noblesse oblige and ruthlessly exploits the people in the name of the people. Another vice of the 19th Century was hoarding, says Dr. Fromm. It has been replaced by a new "mad consumption" . . . we are looking for the bottle that contains everything. The pendulum has swung too far.

These Days

Senator Flanders' Salmon

Senator Ralph Flanders, according to the press agent of the "Fisherman" magazine, enjoys fishing for landlocked salmon, which is a good way to use up time, I suppose. Many of my friends are fishermen and they say they enjoy it very much. As they are among the young and old, male and female, there must be something to this particular avocation apart from the freedom an ex-President may feel of not being asked his opinion on world affairs and what he would do if he could. Fish ask no questions.

Senator Flanders is reported by the press agent for the "Fisherman" magazine to have said:

"The great advantage of this particular fish as a quarry is the fact that when hooked it spends most of its time in the air. I know of no fish which puts on such a show. They will sometimes fairly walk on the water on their tails."

This, it would seem, is a reversal of position. Usually, it is the Senator who spends most of his time up in the air. Senators are placed in this difficult position by the retreat from the Constitution, transferring authority and power specifically designated to the Congress to the Executive. Thus, the Senators discover that they do not know what to do and they are up in the air.

But Senator Flanders goes one further. He says: "They will sometimes fairly walk on the water on their tails."

This apparently applies to fish not to Senators. I have often pondered this matter. Is it possible that those valiant Northwesters, Neuberger and Morse, can walk on the water on their tails? If logic is not altogether a lost art, this should not be impossible for them or perhaps they have, by now, reached that stage of intellectual acrobatics which requires them, like a yogi, to stand upon their heads, on Earth or on the waters. It is an amazing performance, if it can be done. But is there anything that a Senator cannot do, if he is so minded?

The House of Lords, parent of the Senate, has, to a very great extent, become a moribund body, except that in Great Britain, status does have meaning and a remark made by a literate peer may affect public opinion sharply. But the House of Lords permitted itself to be hornsogged by Lloyd George and other democrats who denuded it of its authority and much of its prestige and turned it into a chamber of opinion.

Our Senate has avoided such a fate. However, it might happen if too many Senators permit themselves, as Senator Flanders did, to act for such outside groups as the Committee for an Effective Congress, which is neither a political party nor a lobbying association but a congeries of individuals, of whom could not be elected as dogcatchers or anything else but who would like to exercise power. Senator Flanders, it is true, came clean and apologized for his errors, but that is because he is a New Englander of the old school and knows that mouths should be washed with yellow soap when they permit themselves to utter an untruth or a blasphemy.

Ergo, the Senate needs to beware that it does not go the way of the House of Lords for want of courage and logic and a sense of the worth of ancient institutions and constitutional prerogatives.

Maybe the reason that Senator William Knowland is quitting in 1958 is that he is weary of some of the company he is required to keep, particularly those who are radishes, pink outside and white inside. For that too is becoming a custom among us, namely that some who feel like Taft speak like Sherman Adams because that is where the crumbs of patronage lie.

It is like in prohibition days when the noblest Romans of them all talked the language of the Anti-Saloon League and carried a bellyful of bourbon and a hip-pocket flask to replenish the supply. Those whose minds are like sextants, shoot at the sun of plenitude, without regard to any principles of life. You may think of Huey Long as a Fascist and some do who do not know what a Fascist is, but the Kingfish did stand up for what he believed and it was on his feet that he stood, not on the water on his tail.

Only Batter On The Team?

Federal Budget Just As Good As Last Year's

By David Lawrence

WASHINGTON — It's curious what a difference only 16 months makes in the public attitude toward the very same issue—the budget problem.

Who, for instance, except a handful in Congress, protested in January 1956 when President Eisenhower submitted his estimates for the fiscal year ending June 30, 1957? Yet that budget is hardly any different from the one he has proposed for the fiscal year ending June 30, 1958, which now is under attack.

Judging by the furor which has swept the country, the people have been led to believe that the \$71.8-billion budget for the coming fiscal year is a record for "peacetime" — as if the "Cold War," with its enormous military expense, constitutes a normal era. Yet in the fiscal year ending June 30, 1953—six months after President Eisenhower took over from the Truman Administration—the federal budget was \$74.2 billion.

Going back to the atmosphere that prevailed in January 1956, one can reread the newspapers of that month and find therein lots of commendation for the President's budget. Most significant is the recognition at that time that the Eisenhower Administration had done a good job of trimming the budget. In fact, when that same budget, submitted to Congress in January 1956, was started on the long process of preparation, which covers 18 months, a recession or economic "readjustment," as it was then called, had been going on since 1954.

The fact is that there was a reversal noted in January 1956 of

the previous trend and a resumption of "spending." It was due largely to the critical situation abroad and to growth of the programs already authorized by previous Congresses.

The best way to obtain an understanding of the whole problem of budget-making is to compare the record for the fiscal year 1953 and what now is being proposed for the fiscal year 1958.

How did it happen, for instance, that the total budget was \$74.2 billion in 1953 and now it is proposed to spend less—namely, \$71.8 billion—for 1958? The only way to get an answer is to examine the expenditures for national security and the total of all the other operations.

In 1953 the government spent \$52.5 billion for national security

and proposes to spend for the same items next year \$45.8 billion. That's a saving due largely to the ending of the Korean War.

How does this compare, then, with the fiscal year 1957 which ends this June? The national security total was \$43.3 billion for 1957, and now it is up to \$45.8 billion for 1958. Foreign aid and military assistance for 1958 are less than for 1957. The international situation has required more money for planes and guided missiles. The Russians are reported gaining in air power. Congress itself added \$960,000,000 more for airplanes last year than the President had requested.

Looking at the non-defense total for 1953, we find \$21.7 billion. Then, in 1956, it went up to \$25.5 billion and for next year it is

estimated by the President at \$26 billion. The increase from 1953 is directly due to farm aid, veterans benefits, higher interest rates and programs enacted by Congress in the last four years.

When the non-defense expenditures are separated into categories, it is found that, compared to 1957 fiscal year, veterans benefits are up \$176,000,000. Who in Congress will do battle with the veterans organizations if he wants to retain his seat?

In social welfare—which includes pension and retirement programs, public assistance, health projects, and the like—there's an increase of \$506,000,000 as compared with 1957. Few men in Congress will vote for repeal of these growing items.

The bill for agriculture is up \$264,000,000, as compared with the previous year. Who in Congress will vote to turn down farm aids?

Take interest on the public debt, for example. It's up \$100,000,000 over 1957 because of higher interest rates. As for the expenses of the general government, they actually are down by \$419,000,000 in 1958 as compared to 1957.

When percentages are applied, it will be discovered that 36.2 per cent of next year's budget is for non-defense items, as compared with 37.1 per cent the previous year—a decrease. Yet there was no such hullabaloo in January 1956 when the budget for the current year was submitted and later approved—in advance of the presidential and Congressional elections of November 1956.

BELLY BANDS

Mrs. A. P. writes: Last summer I noticed many children in sun suits and bathing suits who had protruding navel. Why don't today's doctors recommend belly bands to mothers?

REPLY

Abdominal binders do not stay in place nor are they strong enough to hold in or prevent hernia. A protruding navel in a child who is old enough to run around means hernia, and surgery is the only answer.

HEART MURMUR

F. E. writes: How can you find out if a heart murmur is serious?

REPLY

The physician listens to the character of the murmur with the stethoscope. This helps him differentiate between benign and serious murmurs. In addition, when the murmur is serious, there are likely to be other signs of heart trouble, such as changes in contour and size. In such individuals, there is a cause for heart trouble. Rheumatic fever is an example.

REPLY

Yes, but such operations seldom are needed unless other deformities complicate flatfoot. Send a stamped, self-addressed envelope for our leaflet on fallen arches.

Abdominal binders do not stay in place nor are they strong enough to hold in or prevent hernia. A protruding navel in a child who is old enough to run around means hernia, and surgery is the only answer.

HEART MURMUR

F. E. writes: How can you find out if a heart murmur is serious?

REPLY

The physician listens to the character of the murmur with the stethoscope. This helps him differentiate between benign and serious murmurs. In addition, when the murmur is serious, there are likely to be other signs of heart trouble, such as changes in contour and size. In such individuals, there is a cause for heart trouble. Rheumatic fever is an example.

FLATFOOT

W. V. writes: Is surgery ever employed to raise fallen arches?

REPLY

Yes, but such operations seldom are needed unless other deformities complicate flatfoot. Send a stamped, self-addressed envelope for our leaflet on fallen arches.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

REPLY

Because the legs are subject-

ed to more trauma and they bear the weight of the entire body. In addition the lower extremities are affected by disturbances in equilibrium and are more likely to be affected by disorders of the nervous system.

BELLY BANDS

Mrs. A. P. writes: Last summer I noticed many children in sun suits and bathing suits who had protruding navel. Why don't today's doctors recommend belly bands to mothers?

REPLY

Abdominal binders do not stay in place nor are they strong enough to hold in or prevent hernia. A protruding navel in a child who is old enough to run around means hernia, and surgery is the only answer.

The Pendulum Of Social Thinking

University students were in the vanguard of the freedom fighters in Hungary, and many of them died in the struggle against Soviet tyranny. Students in Cuba are so active in the opposition to the Batista dictatorship that the University of Havana has been closed down.

Youth's natural feeling that the old authority must give way to something better has not always led young people to pick the right side, however. Sometimes it has been effectively exploited by the Communists to replace the bad with something far worse. Why do men, by and large, tend to be radical in youth and conservative in old age? Some of the reasons are fairly obvious. Breaking away from parental and other authority is a typical and normal adolescent preoccupation. But Dr. Erich Fromm, psychiatrist who has written best sellers, has an added explanation. Older persons, he points out, have seen many of the social evils of their youth corrected, so they fail to see the new vices which appear because they are so happy that the old ones are gone. Their children and grandchildren see the new vices, never realizing that some of them may be byproducts of the struggle to remove the old ones.

The greatest danger in the 19th Century, Dr. Fromm notes, was from 19th Century authoritarianism. It has largely disappeared, though there are remnants in backward parts of the world. But the authoritarianism which assumed the superiority of a hereditary aristocracy and the unfitness of the people to rule themselves has been replaced by an authoritarianism which lacks noblesse oblige and ruthlessly exploits the people in the name of the people. Another vice of the 19th Century was hoarding, says Dr. Fromm. It has been replaced by a new "mad consumption . . . we are looking for the bottle that contains everything." The pendulum has swung too far.

Senator Flanders' Salmon

Senator Ralph Flanders, according to the press agent of the "Fisherman" magazine, enjoys fishing for landlocked salmon, which is a good way to use up time, I suppose. Many of my friends are fishermen and they say they enjoy it very much. As they are among the young and old, male and female, there must be something to this particular avocation apart from the freedom an ex-President may feel of not being asked his opinion on world affairs and what he would do if he could. Fish ask no questions.

Senator Flanders is reported by the press agent for the "Fisherman" magazine to have said:

"The great advantage of this particular fish as a quarry is the fact that when hooked it spends most of its time in the air. I know of no fish which puts on such a show. They will sometimes fairly walk on the water on their tails."

This, it would seem, is a reversal of position. Usually, it is the Senator who spends most of his time up in the air. Senators are placed in this difficult position by the retreat from the Constitution, transferring authority and power specifically designated to the Congress to the Executive. Thus, the Senators discover that they do not know what to do and they are up in the air.

But Senator Flanders goes one further. He says: "They will sometimes fairly walk on the water on their tails."

This apparently applies to fish not to Senators. I have often pondered this matter. Is it possible that those valiant Northwesterners, Neuberger and Morse, can walk on the water on their tails? If logic is not altogether a lost art, this should not be impossible for them or perhaps they have, by now, reached that stage of intellectual acrobatics which requires them, like a yogi, to stand upon their heads, on Earth or on the waters. It is an amazing performance, if it can be done. But is there anything that a Senator cannot do, if he is so minded?

The House of Lords, parent of the Senate, has, to a very great extent, become a moribund body, except that in Great Britain, status does have meaning and a remark made by a literate peer may affect public opinion sharply. But the House of Lords permitted itself to be hornswoggled by Lloyd George and other democrats who denuded it of its authority and much of its prestige and turned it into a chamber of opinion.

Our Senate has avoided such a fate. However, it might happen if too many Senators permit themselves, as Senator Flanders did, to act for such outside groups as the Committee for an Effective Congress, which is neither a political party nor a lobbying association but a congeries of individuals, most of whom could not be elected as dogcatchers or anything else but who would like to exercise power. Senator Flanders, it is true, came clean and apologized for his errors, but that is because he is a New Englander of the old school and knows that mouths should be washed with yellow soap when they permit themselves to utter an untruth or a blasphemy.

Ergo, the Senate needs to beware that it does not go the way of the House of Lords for want of courage and logic and a sense of the worth of ancient institutions and constitutional prerogatives.

Maybe the reason that Senator William Knowland is quitting in 1958 is that he is weary of some of the company he is required to keep, particularly those who are radishes, pink outside and white inside. For that too is becoming a custom among us, namely that some who feel like Taft speak like Sherman Adams because that is where the crumbs of patronage lie.

It is like in prohibition days when the noblest Romans of them all talked the language of the Anti-Saloon League and carried a bellyful of bourbon and a hip-pocket flask to replenish the supply. Those whose minds are like sextants, shoot at the sun of plenitude, without regard to any principles of life. You may think of Huey Long as a Fascist and some do who do not know what a Fascist is, but the Kingfish did stand up for what he believed and it was on his feet that he stood, not on the water on his tail.

Only Batter On The Team?

Federal Budget Just As Good As Last Year's

By David Lawrence

WASHINGTON — It's curious what a difference only 16 months makes in the public attitude toward the very same issue—the budget problem.

Who, for instance, except a handful in Congress, protested in January 1956 when President Eisenhower submitted his estimates for the fiscal year ending June 30, 1957? Yet that budget is hardly any different from the one he has proposed for the fiscal year ending June 30, 1958, which now is under attack.

Judging by the furor which has swept the country, the people have been led to believe that the \$71.8-billion budget for the coming fiscal year is a record for "peacetime" — as if the "Cold War," with its enormous military expense, constitutes a normal era. Yet in the fiscal year ending June 30, 1953—six months after President Eisenhower took over from the Truman Administration — the federal budget was \$74.2 billion.

Going back to the atmosphere that prevailed in January 1956, one can reread the newspapers of that month and find therein lots of commendation for the President's budget. Most significant is the recognition at that time that the Eisenhower Administration had done a good job of trimming the budget. In fact, when that same budget, submitted to Congress in January 1956, was started on the long process of preparation, which covers 18 months, a recession or economic "readjustment," as it was then called, had been going on since 1954.

The fact is that there was a reversal noted in January 1956 of

the previous trend and a resumption of "spending." It was due largely to the critical situation abroad and to growth of the programs already authorized by previous Congresses.

The best way to obtain an understanding of the whole problem of budget-making is to compare the record for the fiscal year 1953 and what now is being proposed for the fiscal year 1958.

How did it happen, for instance, that the total budget was \$74.2 billion in 1953 and now it is proposed to spend less—namely, \$71.8 billion—for 1958? The only way to get an answer is to examine the expenditures for national security and the total of all the other operations.

In 1953 the government spent \$52.5 billion for national security

and proposes to spend for the same items next year \$45.8 billion. That's a saving due largely to the ending of the Korean War.

How does this compare, then, with the fiscal year 1957 which ends this June? The national security total was \$43.3 billion for 1957, and now it is up to \$45.8 billion for 1958. Foreign aid and military assistance for 1958 are less than for 1957. The international situation has required more money for planes and guided missiles. The Russians are reported gaining in air power. Congress itself added \$960,000,000 more for airplanes last year than the President had requested.

Looking at the non-defense total for 1953, we find \$21.7 billion. Then, in 1956, it went up to \$25.5 billion and for next year it is

Secretary Benson, Who Abolished Nurseries, Becomes A Tree-Lover

By Drew Pearson

WASHINGTON — Ezra Taft Benson has run into trouble on his somersault on tree-growing. First he killed all government nurseries; now he is urging more money for nurseries. The trouble comes primarily from his fellow Republicans.

Shortly after he became Secretary of Agriculture, Ezra junked all Department of Agriculture nurseries. He claimed it was not the job of the Government to grow trees, and he turned the nurseries over to the states—even if the states didn't want them.

At Winona, Minn., Benson gave a thriving U. S. nursery to the state of Minnesota. The state proceeded to remove all trucks, tools, tractors, the overhead irrigation system and some of the choice nursery stock. Then Minnesota abandoned the site.

The site is now owned by the Winona Sand and Gravel Company, which purchased the once-thriving U. S. Government nursery for the bargain price of \$3,000. The price included a Butler Building valued at \$12,000, plus all irrigation equipment that could not be moved, including a pump, motor, etc., plus other minor buildings.

In brief, the nursery which once grew thousands of trees is now a gravel pit.

But three years later, when Secretary Benson started his soil bank plan, he suddenly discovered he would need trees.

Republicans Object

So, because it's too late to start U. S. nurseries and because he doesn't want to reverse himself that much, Benson is now pumping \$6,000,000 of federal funds into state nurseries whether the states want the money or not.

Benson is giving the \$6,000,000 in direct grants to the states, without any matching funds, a policy directly contrary to the Eisenhower policy of making the states put up matching money for federal aid.

The House Appropriations subcommittee, discovering what Benson was doing, objected. They found that the grants were made by the Secretary of Agriculture himself.

"Why did you oppose such subsidies in 1955," asked Congressman Budge of Idaho, "yet now you have them in the budget?"

Congressman Jensen of Iowa also objected. He doubted whether the Agriculture Department had legal authority to subsidize state nurseries to plant trees at below cost to farmers.

The plan for U. S. funds for state nurseries is going ahead anyway, with the expectation that farmers will plant 5,000,000 acres in trees under the soil bank plan. Actually farmers have signed contracts to plant only 7 per cent of that number in 1956-57. Since 1940 farmers have planted only 10,000,000 acres of trees, and their rate of planting prior to the soil bank had reached about 1,000,000 acres per year.

So they will have to do a lot of planting to hit 5,000,000 acres per year any time in the near future.

Mayors Get Run-Around

Eleven U. S. mayors who oppose a new natural gas bill have been getting the silent run-around from Rep. Oren Harris (D-Ark.), chairman of the House Commerce Committee which is now hearing testimony on the 1957 natural gas bill.

The new version of the bill, endorsed by President Eisenhower at a recent press conference, is

basically the same as the Harris bill the President vetoed a year ago.

Southwestern natural gas producers, who seek greater freedom in raising prices, had their day in court this week before the Harris Committee. Next week opponents of the bill are slated to appear.

However, Harris has been reluctant to schedule the "U. S. Mayors Committee On Natural Gas Legislation," which yields the weightiest influence against the Harris bill. Headed by New York City's Mayor Robert Wagner, it speaks for 12,000,000 gas consumers, most of whom don't want their monthly gas payments raised.

Chairman Harris has delayed granting the mayors a specific time to testify next week, simply saying he's too busy to consider the matter.

On May 2 Mayor Richardson Dilworth of Philadelphia wrote to Harris to request a chance for the mayors to testify. He was told to submit a list of their names and replied on May 3.

"When all requests have been received," wrote Dilworth, "we believe the total will be some 15 to 20, and their statements will not exceed 15 minutes each."

"I am sure you realize, however, that no list can be provided to you with any finality, as it is not possible for us to arrange the trips of these gentlemen from all over the country, burdened as they are with heavy municipal duties, unless the days on which they may appear are made known to them in advance . . ."

"The views of these Mayors, representing as they do millions of gas consumers, should be of great interest to your Committee, and I am confident we will receive your full cooperation in arranging a suitable schedule for their appearance."

Unfortunately, Mayor Dilworth's confidence was not justified. Harris continued to stall, explaining that hearings have taken all his time.

"They didn't do it that way when I was a kid."

That's not to be wondered at, for styles, customs and manners are undergoing constant change.

Our mothers used to make corn pone and buckwheat cakes on a cast iron griddle on the back of the stove. Few mothers bake bread any more. Cookery is almost an unknown art, for our foods are brought in packages, cans and bottles, and are already cooked, frozen and partially digested.

When the rooster crowed and the hens cackled early in the morning down on Old MacDonald's farm, we were pretty sure fresh eggs were coming up for breakfast.

Now eggs come in cartons and are fresh, select, extra-select, or just eggs. Eggs do not improve with age.

Forty-thousand patent rights are issued each year by the Patent Office in Washington, every one designed to make life more livable. If we had to install all these devices life would become a burden, and we would want to go back to the early simplicities of pioneer life back to "Griggsby Station where we used to be so happy and so pure."

It was once said that if a man could make a better mousetrap than his neighbor could, though he lived in the depth of the wilderness, the world would make a beaten pathway to his door.

Why not let a mousetrap do the dirty work and free humanity for more serious business? Among all these labor-saving, comfort-producing inventions there is not one that tells us how to have world peace, how to get along with our neighbors of whatever color, race, creed or nationality.

Television, nylon, processed foods, modern transportation, nuclear energy, radar, rockets, space-ships have become our "deus ex machina" and made God superfluous.

It's trite to say we are living in a new world, and we must adjust to it or become has-beens.

Surgery Required In Diaphragmatic Hernia

By Dr. Theodore R. Van Dellen

Whoever created the term, upside-down stomach, had a good imagination but was a poor anatomist. The expression is used by science writers to describe a hiatus hernia, or an opening through the diaphragm. As a result, the stomach loses its anchorage and is forced into the chest cavity.

This happens once in a while in cases of diaphragmatic hernia but it is not a common occurrence. The diaphragm partitions the thorax and abdominal cavity and prevents the stomach and intestines from interfering with the action of the heart and lungs. It also is a muscle of respiration.

There are several ways in the diaphragm. In some instances it is defective from birth because nature failed to complete the partition. In others, the muscle is weak and gives way after unusual strain, hard cough-

ing, vomiting, or the force of labor in women.

The third most common cause is injury. The organ may be torn like a balloon, due to unusual compression on chest or abdomen; or penetrated by a knife or flying missile.

Once the partition has been broken down, the stomach and intestines are free to encroach upon heart and lungs. This may lead to shortness of breath, palpitation, pain under the shoulder, coughing, or hiccupping. Others develop a sense of fullness or pain below the breastbone indistinguishable from angina pectoris.

The stomach may not be pleased with its lot, particularly when the individual lies down after eating a full meal or drinking a large quantity of fluid. In the

horizontal position, the gastric pouch and intestines are free to migrate upward. Splashing and gurgling sounds are heard in the chest and there is a feeling of fullness in the stomach and thoracic cage.

Permanent cure is obtained through surgery. Many improvements have been made in the technique, thanks to advances in thoracic surgery and anesthetics. Better results usually are obtained by repairing the defect from above the chest rather than the abdomen.

PULSELESS

Yes, provided you mean the pulse in the wrist. The pulse beat usually is taken from the radial artery in the wrist, and if this artery is obstructed or does not follow its usual course, the pulse cannot be found. When this occurs the pulse must be obtained from another artery near the surface or by listening to the heart with a stethoscope.

Fort Hill High School won the Allegheny County Senior High School Track and Field Meet for the eleventh consecutive year yesterday at the stadium, piling up a total of 115½ points to Allegheny High's 43 and Beall High's 21½ in a program of 15 events.

Coach William P. Hahn's Sentinels topped 12 of the fifteen high jump and lost another event to Allegheny through a disqualification. The disqualification came in the mile run when Fred Joyce of Fort Hill bumped Ronnie Starcher, the eventual winner, on the final turn.

One new meet record was set up and that was credited to Bill Powell of Fort Hill who won the 180-yard low hurdles in 22.1 seconds. The old mark of 22.2 was established by Gilpin of Fort Hill in 1954.

Fort Hill emerged with a pair of double winners. Danny Webster took the 100 yards dash and the 220 yards dash and Fred Joyce finished first in both the shot put and discus throw.

Clarence Hall won the 220 yards dash for Beall's only first. Dave Conley of Allegheny and Mike McCullough of Fort Hill tied for first place in the high jump, each completing clearing the bar at 5 feet, 4½ inches.

The Allegheny County Junior High School meet will be held at the stadium Monday, May 20, at 1 p. m. Yesterday's summary:

100 DASH—1. Daniel Webster, Fort Hill; 2. Ernie Schramm, Allegheny; 3. Dalton Hilegas, Fort Hill. Time—10.5 seconds.

220 DASH—1. Daniel Webster, Fort Hill; 2. Ernie Schramm, Allegheny; 3. Lawrence Cosgrove, Fort Hill. Time—23.4 seconds.

440 RUN—1. Clarence Hall, Beall; 2. John Rice, Fort Hill; 3. Dave Stouffer, Allegheny. Time—1:03.5 seconds.

880 RUN—1. Donald Appold, Fort Hill; 2. Wilbur Hardinger, Fort Hill; 3. Ronald Gordon, Beall. Time—2:11.7 seconds.

1 Mile RUN—1. Ronald Starcher, Allegheny, won when Joyce of Beall was disqualified. 2. Bob Beeman, Fort Hill; 3. Mike McCullough, Fort Hill. Time—5:07.3 seconds.

440 RELAY—1. Fort Hill (Hillegas, Rankin, Rice and Webster); 2. Allegheny; 3. Beall. Time—1:03.5 seconds.

880 RELAY—1. Fort Hill (Rice, Cosgrove, Powell, Webster); 2. Allegheny; 3. Beall. Time—2:11.7 seconds.

1 Mile RELAY—1. Fort Hill (Hammond, McCullough, Snyder, Appold); 2. Beall; 3. Allegheny. Time—5:07.3 seconds.

120 HIGH HURDLES—1. John Rice, Fort Hill; 2. Charles Robinson, Fort Hill; 3. Warren Dehn, Allegheny. Time—2:11.7 seconds.

180 LOW HURDLES—1. Bill Powell, Fort Hill; 2. Warren Dehn, Allegheny; 3. Leroy Henry, Fort Hill. Time—22.1 seconds.

High Jump—1. Dave Conley, Allegheny; 2. Mike McCullough, Fort Hill; 3. Mike McCullough, Fort Hill. Time—5:07.3 seconds.

Pole Vault—1. Fred Joyce, Fort Hill; 2. Tom Snyder, Fort Hill; 3. Tom Conlin, Fort Hill. Time—10.1 feet.

Broad Jump—1. Eugene O'Backer, Fort Hill; 2. Ramsey Rankin, Fort Hill; 3. Mike McCullough, Fort Hill. Time—10.1 feet.

Shot Put—1. Fred Joyce, Fort Hill; 2. Dalton Hilegas, Fort Hill; 3. Conrad Filsinger, Beall. Time—42 feet, 8½ inches.

Discus Throw—1. Fred Joyce, Fort Hill; 2. Tom Snyder, Fort Hill; 3. Tom Conlin, Fort Hill. Time—121 feet, 9 inches.

Besslink carded 68 on the par 72 Hot Springs Country Club course to gain the lead as both first day leaders faltered.

Billy Maxwell of Odessa, Tex.; Bill Casper Jr. of Bonita, Calif.; Jimmy Demaret of Kiamashee Lake, N. Y. and Johnny Palmer of Tulsa, Okla., were jammed into a 4-way tie for second place at 139.

Jackie Burke, who shared the first day lead with Marty Furgol at 68, stayed in contention with a 72 today, but Furgol skied to 75 and dropped far off the pace.

Burke and five others were tied at 140, there was a 3-way tie at 141 and seven golfers checked in with 142.

Yankees Bow To Baltimore Orioles, 4-1

Johnson Is Victor Over Johnny Kucks

BALTIMORE, May 10 (AP)—Lanky Connie Johnson of the Baltimore Orioles pitched the New York Yankees into submission by a 4-1 score tonight for the third Yankee defeat in a row.

Only an eighth inning homer by catcher Yogi Berra averted New York's first shut out of the season in 20 games. The famous late-inning hitting catcher socked a 3-2 pitch with two outs into the right field bleachers 330 feet away for his fourth circuit of the year.

The Yankees were able to get only one other runner to third base and that was Billy Martin when he tripped in the fourth.

Otherwise, the 6-foot, 4-inch Johnson had the Yankees under control for his first victory against four losses.

Johnson struck out eight, including pinchhitter Elston Howard for the final out of the game with Bob Richardson on first as the result of a walk.

The Orioles were in the van from the start of the game to the delight of most of the 31,195 fans.

Kucks, taking his second defeat against one victory, left after the sixth inning and Bob Turley finished pitching for the Yankees.

Mays Stars As Giants Top Brooks

34,435 See Gomez Chalk Up 2-1 Win

NEW YORK, May 10 (AP)—Willie Mays, just six hours out of the hospital, enjoyed a healthy night at the plate with two singles and a triple, driving in one run and scoring the other as the New York Giants defeated the Brooklyn Dodgers 2-1 tonight.

The largest crowd of the Polo Grounds season—34,435 paying customers—saw Ruben Gomez give perfect control pitching performance. The Puerto Rican right-hander yielded seven hits, walked none and struck out two to register his fourth victory against one defeat.

Gomez was in trouble in only one inning, the eighth, when Don Zimmer opened with a double and scored on a two-out single by Pee Wee Reese. Duke Snider poked a tremendous triple off Gomez in the first inning, but it came with two out and Ruben then threw out Carl Furillo to end that threat.

The Giants finally gained some measure of revenge on their old buddy, St. Maglie, pelting their former teammate for six of their nine hits and scoring both runs off him before he was taken out for a pinch hitter in the fourth.

Both runs came in the third, marking the first runs the Giants tallied against Maglie in 15 innings.

The 40-year-old righthander held them scoreless in two outings in 1956, covering 12 2-3 innings.

Pizzaro Is Victor For Braves, 10-5

ST. LOUIS, May 10 (AP)—The first-place Milwaukee Braves snapped out of a three-game losing streak tonight, backing rookie Juan Pizzaro with a 14-hit, three-homer assault led by Johnny Logan and Eddie Mathews for a 10-5 victory over the St. Louis Cardinals.

Milwaukee 311 102 101—10 14 0

DETROIT, May 10 (AP)—Tony Anthony, who had counted on fighting light heavyweight champion Archie Moore in Detroit next month will take on Yvon Durelle instead.

Promoter Nick Londes said today Anthony has been matched with the Canadian light heavyweight champion June 14.

Registered Shoot Carded Tomorrow At Ridgeley Club

The Ridgeley Rod and Gun Club will hold its second registered trapshooting tournament of the year on Sunday at noon, Tony Francis chairman, announced last night.

The program will consist of 100 16-yard targets, 50 handicap and 25 pairs of doubles.

Practice shooting will be held before and after the registered events. The public is invited to participate.

Gaspar Ortega Whips Logart

Mexican Struck Low, Comes Back To Win

SYRACUSE, N. Y., May 10 (AP)—Tireless Gaspar Ortega of Mexico finished strong tonight to gain a split decision over Cuba's Isaac Logart in a fierce 12-round battle between leading welterweight contenders. Ortega, a 2-1 underdog, weighed 147, Logart 146.

The tall, rangy 21-year old Mexican had the small crowd of about 2,000 rooting for him from the second round on after he had been hit low and dropped to one knee in pain. Logart's low left came seconds after Ortega had staggered his shorter rival with three rights to the jaw.

Referee Al Berl permitted Ortega three or four seconds respite but it also helped Logart shake the cobwebs from his head. Those Ortega rights had really jolted him.

Berl scored for Ortega, 7-4-1. Judge Harold Barnes also voted for Ortega 6-5-1. Judge Joe Agnello cast his ballot for Logart, 7-5. The Associated Press had Ortega in front 6-4 with two even.

Doctors May Examine Score's Eye Today

CLEVELAND, May 10 (AP)—Herb Score, Cleveland Indians' pitcher hit in the eye by a line drive last Tuesday, continued to improve today.

The 23-year-old star southpaw still didn't know if his injury will affect the vision in his right eye. Doctors may be able to make the examination tomorrow.

"His condition continues to improve," reported Drs. Charles L. Thomas and Don Kelly. "The hemorrhage in the right eye is clearing. The swelling on the right side of the face and eye is almost completely reduced."

Jackets Rout Southern, Tie Elks In PVC At 9-0

Post 16-3 Triumph, Keyser And Mathias Chalk Up Victories

Moorefield High School trounced Southern High School at Oakland yesterday by the score of 16-3 for its ninth consecutive victory and tied Elk Garden for first place in the Potomac Valley Conference.

The Yellow Jackets from Hardy County collected 11 hits and took advantage of 15 fielding miscues to rout the Highlanders. It was Moorefield's 31st consecutive conference victory since late in the 1954 season.

Lester Hyre worked on the rubber for five innings and received credit for his fifth triumph. George Sherman hurled the last two innings.

Jim Vetter, Wayne Anderson and Hyre of Moorefield and Jerry Wine of Southern garnered two hits each.

Keyser Wins Eighth
Keyser High School registered its 8th win in 10 starts at the expense of the West Virginia School for the Deaf in a game played at Romney. The score was 8-1.

The Lions played ragged ball afield, committing eight errors, and suffered their sixth loss in nine outings. Bill Clevenger collected two of Keyser's seven safeties, one being a two-bagger. Moon garnered two hits for the losers. "Butch" Ryan fanned seven Lions and notched his third win against two losses. McCoy went the route for WVSD, whiffed eight and suffered this third loss against a single victory.

Mathias Victor, 4-1
Mathias cracked the four-game winning streak of the Franklin Panthers, winning to the tune of 4-1 behind the five-hit pitching performance of Ivan Mongold who has won two and lost two for Coach Loring Vance's aggregation this season.

Franklin's record in the P.V.C. is now 4-3 and Mathias' 3-2.

Al Shippe and Larry Bowman shared four of the seven hits Mathias obtained off Sam Smith. The Franklin hurler accounted for two of the five safeties credited to his team. Mongold fanned six and Smith whiffed four.

Potomac State College defeated Alderson-Broaddus College in a West Virginia Intercollegiate Conference game yesterday at Philippi by the score of 12-7.

It was the ninth victory against three losses for Coach John Fox's Catamounts.

Potomac State collected 16 hits. Ed Helmski and Bruce Phillips sparked the assault with four hits each.

Allen "Rusty" Gates who pitched six innings for the Keyser team received credit for the win while McDonald was the loser.

Potomac State was credited with pilfering ten bases.

Coach Leonard Ritchie's Bruce High School Bulldogs took a big bite out of Allegany High School's tossers yesterday by clobbering the Campers to the tune of 17-3 at Westernport to atone for a 14-3 beating suffered in Cumberland in the season's opener on April 12.

The defeat knocked Coach Gene Shaw's team out of first place and Fort Hill's Sentinels regained the Allegany County Interscholastic League leadership by whipping the Indians at Mt. Savage by the score of 5-2.

Valley High School's Black Knights passed Allegany and moved into the runner-up spot by snapping the three-game winning streak of the LaSalle Explorers at Barton by the score of 4-3.

Coach Orville "Stony" Jackson's Flintstone High Aggies shook a four-game losing streak by downing Beall High School at Frostburg by the score of 9-4.

In the game at Westernport, Bruce moved into the .500 class with a 4-4 record by handing the Campers their worst beating of the current campaign.

Bulldogs Get 11 Hits

The Bulldogs scored in five of the six innings they went to bat, racked up 11 hits and took advantage of seven bases on balls issued by Allegany pitchers, Bob Paye, who started on the peak for AHS, was driven to cover in one third of an inning. Eichner, Cave and Cook followed him to the mound.

Paul Iser collected three hits for Bruce, Bill Bennett tripled with three aboard during the six-run rally in the fourth and Bob

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, May 10 (INS)—The offer made Harry Cohn to present "The Last Angry Man" on the stage before it's made as a picture, is much too good to be ignored. Harry took off for New York to discuss the offer made him by Walter Reade, Jr., New York theatre owner, who wants to star Paul Muni in the stage play, with Herman Shumlin as director. Jerry Lawrence and Robert E. Lee will work from Vera Caspary's script which she had already written for the Columbia motion picture.

The advantage to Cohn and company is that Columbia would get a percentage of the play, and it would probably be much more valuable after it's seen on Broadway, even though Gerald Green's book is on the best seller lists.

I had to laugh when Pamela Mason telephoned that she and James are taking nine-year-old Portie to Las Vegas for Mother's Day to spend the day with Zsa Zsa Gabor's daughter. One thing, Portie can't gamble, but I bet if she could she'd win.

Pam said the wonder child sees herself as another Evelyn Rudi and is very excited over her new Playhouse 90 TV show due on May 30. Said Pamela, "It's 'Circle of the Day,' based on Helen Howe's novel 'The Success,' and I'm in it with Portie."

"What about school?" I asked. "They have a teacher right at CBS studio and while she's working she has to be there at 9 o'clock for school. The only thing that's bad is the chocolate machine which Portie can't resist."

Nat "King" Cole charmed them in San Francisco when he went there for "China Gate," in which he plays his first dramatic motion picture role.

Although he didn't have to make any appearances at the theatre, nor were any agreed upon, when the audience called "sing," he got up on the stage and sang several songs. He telephoned me just before he went to the Bay City and said he was never so nervous in his life. Well, he needn't be, because our reviewer says he's the best thing in the picture.

I know Phyllis (Mrs. Rock) Hudson is very disappointed that she can't join Rock in Italy. But she is being a very wise girl in obeying her doctors who have forbidden her to make the long trip to Rome. She is very weakened from her long siege of hepatitis and even though she has left the hospital and is improving, the treatment is slow.

At one time Phyllis couldn't even take a glass of water—and, of course, has lost a lot of weight. But her doctors are encouraging and say with the proper rest and care she will be all right.

Snapshots of Hollywood collected at random:

Tony Perkins has a personal as well as a professional reason for wanting to do "Look Homeward Angel" on Broadway. Natasha Mangano, sister of Sylvano, whom he saw a great deal of in Rome, will be in New York in the fall.

Ronnie Burns is getting to be

the Beau Brummel of the town. The girl by his side at Jack's at the Beach was Barbara Nichols, no less.

I hope, I hope Irene Dunne and Jack Warner get together on "The Nun's Story." Irene would be perfect for the mother superior—who is better suited?

The most constant threesome in town, Julie London, Bobby Troup and John Ireland, again together at the Sportsman's Lodge.

Attractive Cynthia Lemmon leaves Sunday for New York with her 3-year-old son Christopher to be gone a month. She'll also visit her parents in Peoria, Illinois.

Richard Boone wants to play the G. I. who returns to become a crusading schoolteacher in the screen version of "Grass Roots," by Examiner reporter Neville Reay.

B&O Officials Inspect Yard Expansion Work

A group of B&O Railroad Company officials headed by Col. Roy Barton White, chairman of the board of directors, and W. C. Baker, vice president, stopped in Cumberland Wednesday afternoon to inspect the yard expansion work under way here.

The B&O is spending \$13,000,000 in construction of a huge yard project extending from South End to North Branch near the new Pittsburgh Plate Glass Company plant.

Anniversary Flight

AMSTERDAM, May 10 (AP)—Douglas aircraft factories and the KLM Dutch Royal Airlines plan a 6,000-mile nonstop flight May 22-23 from San Diego, Calif., to Paris. It's to mark the 30th anniversary of Charles A. Lindbergh's "Spirit of St. Louis" crossing.

On The Line

by Bob Considine

NEW YORK, May 10 (INS)—Military people are still stunned at the rejection by the Eisenhower administration's Budget Bureau of the program to modernize the pay and manpower structure of the armed services.

The plan, bearing the name of a presidentially appointed board headed by Ralph J. Cordiner, president of General Electric, was killed as "inflationary" before it was generally understood by the people it sought to aid fiscally from a defense standpoint: The American taxpayers.

It was not a pay raise program as such. It was designed to provide better defense with fewer people for less money. Secretary of Defense Wilson and the civilian heads of the Army, Navy and Air Force thought so highly of it that they agreed to absorb the initial costs without asking Congress for more money. They were in agreement that when the plan was working it would produce more combat capability almost instantly and eventual savings of \$5,000,000,000 a year.

Cordiner called the plan quality as opposed to quantity. "It is definitely not a matter of the total number of people on hand, but is a matter of the level of competence of those people," he wrote. "It is a matter of not being able, at the present time and under the present circumstances, to keep and challenge and develop the kinds of people needed for the periods of time necessary for them to make an effective contribution to the operation of the force."

It costs the Air Force an appalling \$2,000,000,000 a year to train men to replace those who leave the service for better-paying jobs, or jobs offering better opportunities. The Cordiner plan, while

taking the pay question into high consideration, did not stop there. It advocated modernization of it, plus an aggressive, meaningful manpower management philosophy.

Pay raises, under the plan, had to be earned. They would not come automatically through seniority.

"You would have to be against religion and motherhood to be opposed to that kind of proposition," an officer in the Pentagon remarked to the writer. "It was the kind of program which would encourage, even challenge the men of the armed forces to work hard and strive for new levels of productivity and responsibility. The system provided meaningful dollar-wage rewards for those who do work and do aspire to successively more difficult and responsible jobs."

So we will continue, as Cordiner warned Secretary Wilson "by simply applying a few patches to an antiquated structure of military compensation which has been inflated but not substantially changed since it was adopted by the British Navy in the year 1812."

Cordiner, at the time of the rejection of the total plan, said he feared elements of the recommendation would be put forward later—as was the case when the Pentagon announced pay increases. But he said only total acceptance would cure the problem.

The professional armed forces planned by Cordiner would provide among other things, a know-how and take-care calculated to save vast sums. Cordiner wrote:

"One of the main purposes of the recommendations of our committee is to keep experienced men with difficult skills, such as pilots, in the armed forces so that we can reduce the number of persons who must go through the dangerous and expensive work of learning these skills. Likewise, we are trying to help the armed services retain and develop the skilled technicians who can keep the airplanes and ordnance and other equipment in good condition, so that it will not fail and cause accidents."

"The Air Force and Navy have calculated that aircraft accidents alone cost them nearly \$2,000,000 a day (!), in fiscal 1956, in material alone."

Its sponsors, who included the Joint Chiefs of Staff, swore it would stop excessive turnover and loss of key men, instill incentive, streamline manpower, boost morale, and strike at "inequities and pay inversions, where men get the same pay for easy or difficult work, and where thousands of officers and non-coms are getting less pay than the people who work under their supervision."

But Budget said to hell with it. (Reg. U. S. Pat. Off.)

To argue is normal—but end it with smiles and pleasant feelings.

Secrets Of Charm

If You Must Argue

As long as there are human beings in this world, I suppose there will be arguments. The problem lies not so much in the arguments itself, as in the bitterness that remains after the cause of disagreement has been forgotten.

Suppose you "have words" with your husband, your escort for the evening, or a dear friend. If you sulk or pout, and refuse to face the issue fairly and squarely, your relationship may thereafter be spoiled by doubts. If, on the other hand, you get down to cases (rave and rant, if you like!) the whole thing will blow over.

Said And Unsaid

Sometimes, of course, it is better to leave things unsaid, especially if they are petty.

You needn't always win an argument to feel better about it.

The last word may not clinch the point. It may only prolong a tiff that's not worth prolonging.

Be Understanding

Understanding is a trait admirable in man or woman, and it leads to happiness in marriage, or in a business relationship. It is understanding that forestalls argument, and keeps the inevitable argument from being an unpleasant experience.

An argument can be a true test of maturity. If you tussle only when you honestly feel there is occasion for it, if you state your viewpoint fairly, if you are sympathetic towards the opposing point of view, if you hold no malice, you can be reasonably confident that your outlook is that of a mature individual.

Industrials, Blue Chips Lead Stock Market Higher

NEW YORK, May 10 (AP)—Industrials and assorted blue chips led the stock market further into new high ground for 1957 today.

The advance was a narrow one but it established for the second straight day a new high in the average.

The Associated Press average of 60 stocks rose 20 cents to \$182.54, a new 1957 high. The rail component dropped 30 cents and the utilities 10 cents.

Of 1,154 issues traded, gains outnumbered losses by 541 to 362.

Fourteen of the 15 most active stocks rose and one, Standard Oil (N.J.), was unchanged.

Royal Dutch was the most active stock, up 1 at 49 3/4 on 45,900 shares. Second was Budd Co., up 3/4 at 21 1/2 on 30,500 shares. Third was North American Aviation, up 1/2 at 34 1/2 on 29,000 shares.

Next came Shell Transport & Trading, up 1/2 at 24 1/4 and United Wallpaper, up 1/2 at 8 1/4.

Television And Radio

by John Crosby

Adventure Without Laughs

"Murder, mayhem, derring-do—and a heavier than usual supply of Westerns—will take over the nation's television screens next season, judging from the pattern of sales thus far this spring." "Variety" reports.

The category that has lost most favor with the sponsors is the situation comedy. There will be very few new ones next year, a situation devoutly to be wished a few years ago when everyone was searching for another "I Love Lucy" and not finding it. The reason that is just ending will go down in TV history as the most disastrous since TV went commercial. This has produced an even greater timidity among sponsors than usual.

That means clients are buying shows on a very short-term basis with the idea of being able to scuttle them in a hurry if they are flops. The long show—an hour and even the hour-and-a-half show—will be thoroughly entrenched. One reason for this is the competition of the feature films. It is hard to fight a feature film with a succession of half-hour shows; the longer shows have more pulling power.

If you don't like Westerns, you had best plan something besides television to keep you amused

Just to show how far the boys have wandered away from the "Father Knows Best" type of thing—two of the situation comedies offered for next fall are "How to Marry a Millionaire" and "Mother Is A Freshman."

Also, it looks as if the big money quizzes are leveling off. ABC plans a couple of new ones but there hasn't been much activity in that line anywhere else. It's just possible that money lunacy has run its course.

There seems to be a slackening of the husband and wife situation comedy, at least of new ones. In fact, if there's a trend at all, it's towards trios rather than couples. Screen Gems has one offering around called "The Shape, the Face and the Brain," and another one called "Tom, Dick and Harry."

Television And Radio

by John Crosby

Adventure Without Laughs

"Murder, mayhem, derring-do — and a heavier than usual supply of Westerns — will take over the nation's television screens next season, judging from the pattern of sales thus far this spring," "Variety" reports.

The category that has lost most favor with the sponsors is the situation comedy. There will be very few new ones next year, a situation devoted to be wished a few years ago when everyone was searching for another "I Love Lucy" and not finding it. The reason that is just ending will go down in TV history as the most disastrous since TV went commercial. This has produced an even greater timidity among sponsors than usual.

That means clients are buying shows on a very short-term basis with the idea of being able to scuttle them in a hurry if they are flops. The long show — an hour and even the hour-and-a-half show — will be thoroughly entrenched. One reason for this is the competition of the feature films. It is hard to fight a feature film with a succession of half-hour shows; the longer shows have more pulling power.

If you don't like Westerns, you had best plan something besides television to keep you amused

next fall. The air is going to be full of them — ABC leading the pack with eight of them and NBC and CBS trailing along with four each.

One determined step backward in the return to favor of the whodunits and private eye and pattern of sales thus far this vision was a youth, "Martin Kane — Private Eye" was the very model of all television shows. There were two dozen others and virtually all the comedians did a satire on the private eye once a week because there wasn't much else to satirize.

One particularly significant straw in the wind is CBS's new show, "Have Gun — Will Travel" which, by a feat of skillful legdemain manages to plant one foot in each of three camps. "Have Gun — Will Travel" will be a Western, private eye drama and a costume affair — all rolled into one and presumably attracting admirers of the three different schools.

Others will include a Mystery Theater out of M-G-M, a crime series presumably based on Walter Winchell's files and a series based on the O. S. S. CBS's big entry will be Perry Mason, which has been a steady draw on radio for umpteen years. Mason will be a full hour show and it'll aim at feature picture quality.

In spite of the fact that costume drama has not yet set any rating records, there will be a lot of swashbuckling around. My favorite title is "Sword for Hire," which sounds like a private eye mixed with costume drama. Others will include everything from "Gunga Din" to "Ivanhoe" and will include such old favorites as "The Three Musketeers" and "Zorro."

There seems to be a slackening off of the husband and wife situation comedy, at least of new ones. In fact, if there's a trend at all, it's towards trios rather than couples. Screen Gems has one offering around called "The Shape, the Face and the Brain," and another one called "Tom, Dick and Harry."

Just to show how far the boys have wandered away from the "Father Knows Best" type of thing — two of the situation comedies offered for next fall are "How to Marry a Millionaire" and "Mother Is a Freshman."

Also, it looks as if the big money quizzes are leveling off. ABC plans a couple of new ones but there hasn't been much activity in that line anywhere else. It's just possible that money lunacy has run its course.

In Memoriam
In memory of our husband and father, John McLaughlin, who passed away 1 year ago, May 11, 1956. Always so true, unselfish and kind. Only a few in this world his equal you'll find. A beautiful life that came to an end. He died as he lived everyone's friend. Beautiful memories of a smiling face. A broken kind no one can replace. Whatever else we fail to do. We'll never fail to think of you. As the days come and the years roll by. In our hearts a memory is kept. Of the one we loved and will never forget. Sadly missed by his WIFE and DAUGHTER.

PPG Workers Donate 105 Pints Blood

Electricians Make Good Response

A total of 105 pints of blood was collected yesterday at the Pittsburgh Plate Glass Company Works No. 7 here, when the Red Cross bloodmobile made one of several visits planned this year to local industries.

The largest number of donors were employees of the Sargent Electric Company, a contractor at the plant. Frederick A. Sullivan, a representative of the electrician's union, played a major part in recruiting the 63 donors from this organization.

It was recalled that several electricians were badly burned in a flash explosion at the plant early in the days of construction, and this group of men said they realize that some of those injured were greatly aided to recovery because of the availability of blood and blood plasma here, and may have died if the blood bank had not been ready to meet such emergencies.

There were 35 volunteer donors rejected at the plant by physicians yesterday because they had recently taken polio or poison ivy inoculations.

Homer D. Deneen, 5 Race Street, a regular donor gave his eighth pint of blood yesterday to become a member of the local Gallon Club.

Red Cross officials were gratified with the results of the plant visit and expressed their appreciation for the cooperation of all who appeared at the blood bank. This number of additional pints of blood, helps bring the average for the year in Cumberland to the desired level, they said, thus assuring the city's continuance in the program.

Physicians who volunteered their time and services at the blood collection center yesterday are Dr. Donald B. Grove, Dr. G. Overton Himmelwright, and Dr. H. W. Eliason.

Foreign Study Is Available

Competition for Fulbright and Buenos Aires Convention scholarships for graduate study abroad for 1958-59 are now open, according to Kenneth Holland, president of the Institute of International Education.

Eligibility requirements for these foreign study fellowships are United States citizenship, a college degree or the equivalent by the time the award will be used, knowledge of the language of the country of application sufficient to carry on the proposed study, and good health. Preference is given to applicants not more than 35 years of age.

Competition for the 1958-59 academic year closes November 1, 1957. Requests for application forms must be postmarked by October 25. Completed forms must be submitted by November 1.

The programs under the Fulbright Act and the Buenos Aires Convention are part of the international educational exchange activities of the Department of State. They give almost 1,000 American citizens the chance to study abroad during the 1958-59 academic year. The regional office of the Institute of International Education, where more details are available, is at 1530 P Street, N.W., Washington, 5, D.C.

LaVale Boy Hurt When Struck By Car

An eight-year-old LaVale youngster was admitted to Sacred Heart Hospital last night with injuries sustained when he was struck by an automobile in that community.

Attaches said Brian Robertson, son of Mr. and Mrs. James Robertson, complained of pain in his back and right foot. He had abrasions on both knees. The lad was reported to have been riding a bicycle at the time of the accident. Trooper First Class Charles H. DeWitt investigated the accident. However, full details were not learned last night. The youngster was admitted for X-rays and observation.

Route 36 Is Being Relocated

This picture shows progress on the relocation of State Route 36 at Corriganville. In the foreground are the abutments of the new bridge which will span Jennings Run. In the distance at

the left can be seen the new roadway which will take Route 36 away from the heart of Corriganville. Much grading work has been done on this project.

Coronation Planned For Girls' Group

Second Baptist Program Is Set

The Junior and Intermediate Girls' Auxiliary of the Women's Missionary Union of the Second Baptist Church will hold a coronation service in the church auditorium Sunday, at 8 p. m.

Fourteen girls who have completed qualifications for ranking in this missionary organization will be honored. The queen's court will be made up of the following: maidens—Sharon Robinson, Norma Hedrick, Judy Davis, Jane Shryock, Diane Hoyle, Tomla Shepherd and Theresa Shaffer; ladies-in-waiting—Jane Hunt and Patty Davis; princesses—Bonna Knippenberg and Marlene Tipton. To be crowned queen will be Mary Jane Adams with Debby Shryock as flower girl and Billy Adams as crown bearer. Of the three advanced steps there will be two recognized. Judy Shryock will be recognized as queen with a scepter and Marcella Adams as queen regent in service. Scepter bearer will be Stephen Drenning and Bible bearer will be Gene Drenning.

Mrs. James Kirkpatrick, president of the Associational Women's Missionary Union, will give the charge and present a white Bible to Marcella Adams, who will be one of the first in the Southern Baptist Convention to receive honor of the highest step. The queen regent in service just became available to the first of the year. Marcella Adams will give the charge to each of the girls as they are recognized for the work that they have completed this past year.

Rev. Cornelius B. Davis will deliver the missionary sermon. Leon G. England will be the bugler. Counselors for the girls are Mrs. Kermit England, Mrs. Raymond Frantz and Mrs. Meredith Shryock.

More Men Quizzed As Probe Of Morals Case Mushrooms

Eleven area youths were questioned in the State's Attorney's Office yesterday in connection with a morals charge involving a minor girl.

Statements were taken from each of the young men who ranged in age from 17 to the late 20's in connection with offenses occurring over the past year. All were told to come back Tuesday for further questioning.

James S. Getty, assistant state's attorney, said 14 or so other men will be questioned next week in the same case.

No charges have been filed, he said, pending the completion of the investigation.

The probe began recently after two men were arrested and charged in a morals case involving two 13-year-old girls. More and more men have been involved as the questioning continues.

Holy Name Society To Attend Church

The Holy Name Society of SS. Peter and Paul's Catholic Church will receive Communion in a body at the 7 o'clock mass Sunday morning.

The society also will conduct its monthly meeting at the parish hall at 2:30 p. m. Sunday, according to James E. Robertson, president.

Iron Workers Plan Meeting Here Today

Officials of the Baltimore-Washington District of the Iron Workers Union will meet today at 6 p. m. in the Allegany Labor Temple for a district council meeting.

Some 40 officials of the union are expected to attend. Jules Drake, Washington, vice president, will preside.

Foresters Hope Promised Rain Arrives Today

Several Blazes In Area Quelled

Forestry personnel and firemen have their fingers crossed in hopes rain will soon fall bringing the serious fire danger and current 12-day old drought to an end in this area.

Although no serious forest fires were reported in the four westernmost counties of Maryland yesterday a couple of small brush fires were checked by local and area firemen.

The devastating forest fire potential in this district is extremely dangerous, according to William H. Johnson, district forester.

High Index
He said yesterday afternoon the burning index at High Knob in Frederick County was 110 which is very high. Herrington Manor in Garrett County reported an index of 65, somewhat lower than that of the past couple of days. And at Green Ridge the index was 90.

An index reading above 75 is getting into the critical stage, Johnson pointed out. Considerable cloudiness and scattered showers are forecast.

Which is good news providing the weatherman follows through with his promise. The temperature reading today is expected to be in the low 80s. There may be some thundershowers during the day.

Robert R. Golden, superintendent of Constitution Park and official weather observer, said last night the current drought is now in its 12th day and rainless day number 13 begins at 7 a. m. today provided the promised showers do not show up.

Commenting on the fire danger, he said it is "terrific" at the present time. He said the mercury climbed to 87 degrees yesterday and the low reading was 53 degrees.

Respond Twice

East Side firemen answered two calls yesterday evening although they were needed on only one. A woman on Independence Street called and said the grapevine on the back porch of a nearby house was afire.

In the call at 7:13 p. m. East Side firemen responded but while en route they were notified by radio that the fire was out. The woman called in the second time and notified them. Firemen at Central sent the message via radio.

Another small brush fire was checked on Shriver's Hill at the end of Polk Street about 6:23 p. m. Over in Ridgeley, volunteers of that community received a call during the afternoon.

They quenched flames burning an area across the Potomac from the Kelly tire plant along the railroad bank. They said it was possibly touched off with a burning fusee.

Mrs. Helen Alexander Returns To France

Mrs. Helen Alexander, daughter of Mrs. Lillian Ault of Flintstone, has returned safely to Paris, France, to be with her husband, M/Sgt. M. R. Alexander.

Mrs. Alexander flew to the United States from France early in January when her father died and spent nearly four months with her mother. She left New York April 19 aboard the USS Randolph.

Senator See Will Observe Birthday

Senator Charles M. See will observe his 55th birthday at his home, 508 Forster Avenue, tomorrow.

He was honored yesterday at an informal birthday party given by the office personnel on the second floor of the Union Street county building.

Legion Dance Tonight

A spring dance for members and guests of Knobley Mountain Post 136, American Legion, will be held this evening from 10 to 1 at the post home in Ridgeley.

Hyndman Woman Leaves Today For Japan

A Hyndman, Pa. resident, Mrs. Sarah Whitney, is looking forward with pleasure to a long journey. This morning she will leave Cumberland and will travel to Pittsburgh, Pa., where she will board an airplane. By air she will travel to Seattle, Wash. and Tokyo, Japan, where she will join her husband who is in the service.

He is Sp 2 Ralph F. Whitney who has been in Japan for the past two years. Mrs. Whitney was with her husband last year but returned home when a death in the family occurred. She expects to be overseas until June of 1958. Locally she managed Reed's Millinery Store on Baltimore Street.

Holy Name Unit Breakfast Set

The annual Communion breakfast of St. Patrick's Catholic Church Holy Name Society will be held tomorrow morning following the 7 o'clock mass.

Guest speaker at the breakfast will be Rev. Humphrey T. Connors, prior and master of novices at the Carmelite Monastery in New Baltimore, Pa.

Father Connors was ordained a priest in the Order of the Carmelites in 1944, and his first assignment was as director of vocations in the New England area — the Carmelite fathers.

He later was appointed as a teacher in the Carmelite Junior Seminary, Hamilton, Mass., and in 1948 he was named rector of the seminary. In 1954, Father Connors was appointed master of novices at the Carmelite Novitiate at New Baltimore, and in June 1954, was elected supervisor and prior.

The Holy Name Society also will meet tomorrow at 7:30 p. m. in the school social center.

Colonial Coin Exhibit Closes Today

Today will be the last day for the showing of the coin exhibit at Washington's Cabin in Riverside Park.

The cabin will be open from 1 to 4 p. m. today in charge of Mrs. William Straw, Mrs. Agnes Hensley, Mrs. Stella Bennett, Clifton Fuller, Mrs. B. D. Phillips, Mrs. John Carroll, Mrs. Malone, Miss Eleanor Brown and Mr. and Mrs. B. F. O'Rourke of the Senior Citizens Club.

Sponsored by the Western Maryland Coin Club and the City Recreation Department in connection with National Coin Week, the exhibit features currencies of the American colonies while under British rule.

Jury Overrules Commission On Man's Injuries

Says Intoxication Not Responsible

A jury in Allegany County Circuit Court yesterday afternoon decided that an employee of the Luke plant of the West Virginia Pulp and Paper Company was not injured due to intoxication while at work on August 2 of last year.

The appeal was taken to court by John William Mills from a decision of the State Industrial Accident Commission denying him benefits for injuries he sustained at work.

The jury was out about 15 minutes before reaching the decision. His case goes back to the commission which will rule on the extent of permanent disability.

At a hearing on November 9, 1956, the commission found the injury to Mills was the result of intoxication and it disallowed the claim filed by him.

The jury, including two women decided the injury was not caused solely by his intoxication. Chief Judge George Henderson presided. Mills was represented by Simon F. Reilly while Horace P. Whitworth Sr. was counsel for the paper plant.

A group of LaSalle High School students were in the court room at the time of the hearing.

Two To Compete In Contest For Woodworkers

Two finalists will compete for honors as the outstanding woodworking student among the Allegany County high school seniors, according to J. D. Lonnholm, supervisor of vocational education.

They are Harold W. Coburn, RFD 1, Frostburg, an 18-year-old senior at Beall High School, and Richard Kirchner, Willowbrook Road, a 17-year-old Fort Hill High School senior. There will be no participant from Bruce High School this year.

This is the fourth annual contest sponsored by Local 1024, Carpenters Union. The county winner gets an apprentice membership in the union. The contestants will be interviewed by the judges and samples of their woodworking ability will be inspected.

Attend Motor Course

John Roy, service manager, and Carl Schurg, mechanic, for McIntyre Chevrolet, Inc., have completed a course on fuel injection at the General Motors Training Center in Pittsburgh, Pa.

LaSalle High Grad Earns US Air Force Commission

Lt. Shircliff Assigned To SAC

1st Lt. Thomas A. Shircliff, son of Mr. and Mrs. S. A. Shircliff 212 North Centre Street, who graduated from LaSalle High School in 1952 and attended the University of Maryland one year, is now assigned as a navigator in an Air Force KB29, based at Bergstrom Air Force Base, Austin, Texas.

Home on leave this week, prior to taking an assignment in Alaska, with these same type refueling tanker planes, he stopped in the local Air Force Recruiting station to tell recruiters that he intends making a career of the Air Force.

Lt. Shircliff enlisted here under the Air Force Cadet training program, hoping to qualify for a flight-commission. He said the training he received was excellent, and he feels that the Air Force offers many opportunities for qualified young men who are willing to study and work. His original enlistment under the cadet program was for two years. He was commissioned in 1955 and was given definite status as a navigation officer and assigned to the tankers.

Recruiters here explain that navigating this type of ship is an extremely responsible assignment, and that Lt. Shircliff is assigned to the highly important Strategic Air Command, considered the peak in present day aviation career accomplishment.

SA Official Will Preach In Ridgeley

Lieut.-Commissioner Albert E. Chesham, former territorial commander of the Salvation Army in 15 Southern states, Mexico and the District of Columbia, will be guest speaker at the 11 a. m. Mother's Day service tomorrow at Calvary Methodist Church in Ridgeley, according to Rev. Harold L. May, pastor.

Commissioner Chesham, a resident of Richmond, Va., who is now officially retired, is in Cumberland doing special work for the Salvation Army. "That Day" will be the subject of his sermon. The Children's Choir, directed by Mrs. Dorothy J. Hostetter and Mrs. Peggy Powers, will sing "We Thank Thee For Our Mothers" by Gilbert. The Senior Sanctuary Choir, under direction of Miss Kathleen High, will sing "A Tribute To Mother," an arrangement of the "Viennese Melody."

At the Sunday evening service, Rev. May will preach on the subject "On Choosing and Being Ancestors." Mrs. Leon C. Hammond and James Bobb will provide musical accompaniment at the organ.

Legion Post Plans Mother's Day Dance

Open house will be observed at Fort Cumberland Post No. 13, American Legion, featuring a Mother's Day dance tonight on Harrison Street.

The Wynn Stanley Trio has been retained to furnish music for these activities at the post home on Saturday nights.

Can Club To Meet

The Cana Club will meet Sunday at 8:30 p. m. at the home of Mr. and Mrs. John G. Burke, 568 Fayette Street.

Signal Plan Operation Set May 27

City Will Inspect And Accept System

A system comprising automatic gates with flashing signals and synchronized traffic lights will be placed in operation at four grade crossings here on May 27, Mayor Roy W. Eves was advised yesterday.

Notification of the target date for operation of the warning and control system at the Knox, Valley, Pear and Franklin street grade crossings was received from the Baltimore and Ohio Railroad's Signal Division in Baltimore.

Mayor Eves said he has asked the Council to make an inspection and to accept the system at least a week before it is placed into operation.

This would allow the City Engineering Department to make an inspection and recommendation on acceptance by the May 20 meeting of the Mayor and Council.

Inspection Planned

After the Council meeting, city officials could make a formal inspection of the project, and schedule a formal ceremony marking the cutting in of the system after the May 27 meeting. The modern system was designed and installed by the B & O's Signal Division, and wiring was done by the Queen City Electric Company here.

Cost of the system, which is to be borne entirely by the railroad, was over \$118,500. Mayor Eves was advised yesterday by T. J. Klauenberg, superintendent of the Cumberland Division.

Curbs Are Widened

The City of Cumberland assumed the obligation of widening the curbs on the Henderson Avenue side of the Valley, Knox and Pear street crossings.

The signals are keyed to magnetic trippers located beneath the surface of the avenue and the three streets.

The signals are arranged to allow east-west movement on the avenue while trains are on the crossings.

Autos entering the avenue during this time will get the green light when they pass over the hidden magnetic trippers.

When there are no trains on the crossings, the east-west avenue traffic will get the green light—that is until a car approaches the crossing from the Centre Street side, or from the streets entering the avenue on the upper side.

The work was handled through the Pittsburgh Division of the railroad.

Affected are the watchmen who, in some cases, will lose their jobs as their seniority is good only on this end of the Pittsburgh Division, according to Brotherhood of Maintenance of Way Workers officials.

Gibson Cites Gradual Rise In Tax Rates

Says Policy Has Been Conservative

The City of Cumberland has been rather conservative in making use of its power to levy for operating expenses, City Auditor Arthur B. Gibson said yesterday.

He added it is unfair to say that the city will use for its next budget the full 15 cent increase it is seeking through a charter amendment resolution which would give the Mayor and Council the authority to levy \$1.50 on each \$100 of assessable property for general purposes.

As a matter of fact, he said, the operating rate rose gradually from 75 cents to \$1.25 over a period of more than 20 years which included the inflationary period which followed World War II.

Inflation Cited

Some of the things which have occasioned the increase in the cost of city government are increases in salaries, the addition of new programs and fringe benefits for employees which have been offered to workers in practically every industry in the country.

Current costs of two items, recreation and pensions for city workers, he said, total about \$145,000.

The tax limit, 75 cents for many years, was raised to 95 cents by an act of the 1951 General Assembly, and to \$1.25 by a 1953 act, he said.

Four budgets were passed, he said, before the Mayor and Council made full use of the powers granted in 1953.

In only one year did the city come near to using all of its taxing power, he said, and that was last year. In previous years, he said, the Mayor and Council used only as much as was required.

The city auditor cited the following figures on the operating and total levy during the past six years.

In the 1951-52 fiscal year, the operating levy was 94.75 cents and the tax rate \$1.31.

The following year, the city levied the full 95 cents for operating expenses and had a \$1.28 tax rate.

Drops One Cent

In the 1953-54 fiscal year, \$1.0398 was levied for general purposes and debt service brought the rate to \$1.36.

The city lopped one cent off the operating levy in the 1954-55 budget, setting the general rate at \$1.0297 and the total rate at \$1.36, the same as the year before.

The tax rate hit \$1.50 in the 1955-56 fiscal year as \$1.6986 was levied for general purposes.

In its current levy, which called for a tax rate of \$1.58, the city levied \$1.2403 for general purposes.

There is no limit on the amount which may be levied to pay principal and interest on the city's debt, but the general debt must not exceed 10 per cent of the assessed valuation of real and personal property, which totaled about \$74,000,000 in the current budget.

Boys Are Advised To Forget Squabble

Reports of a gang fight were cut down to size yesterday in Juvenile Court as Magistrate Fred H. Anderson ruled all four lads involved equally responsible.

The boys, who had been friends, were placed on probation for a month after the magistrate told them to "forget and not hold grudges" and advised the parents to see that the boys get along, as they had until the trouble arose.

Magistrate Anderson said reports indicated three boys ganged up on a fourth, but that evidence showed all were involved but not at the same time.

The complaining witness was just as guilty as the others, he said in describing the incident as "a sporadic upsurge of tempers of boys" in the neighborhood of Bancker Homes.

Improvement Group Members Take Oath

Joseph E. Boden, clerk of Allegany County Circuit Court yesterday afternoon administered the oath of office to two members of the Cresaptown Civic Improvement Association.

Sworn in at the Court House were Joseph Wenrich and Dirk Vandenberg. The five-man association was formed in 1949. The association members include Winmer C. Knepper, Charles Wendt and Herbert Heineman, whose terms run another year.

PPG Workers Donate 105 Pints Blood

Electricians Make Good Response

A total of 105 pints of blood was collected yesterday at the Pittsburgh Plate Glass Company Works No. 7 here, when the Red Cross bloodmobile made one of several visits planned this year to local industries.

The largest number of donors were employees of the Sargent Electric Company, a contractor at the plant. Frederick A. Sullivan, a representative of the electrician's union, played a major part in recruiting the 63 donors from this organization.

It was recalled that several electricians were badly burned in a flash explosion at the plant early in the days of construction, and this group of men said they realize that some of those injured were greatly aided to recovery because of the availability of blood and blood plasma here, and may have died if the blood bank had not been ready to meet such emergencies.

There were 35 volunteer donors rejected at the plant by physicians yesterday because they had recently taken polio or poison ivy inoculations.

Homer D. Deneen, 5 Race Street, a regular donor gave his eighth pint of blood yesterday to become a member of the local Gallon Club.

Red Cross officials were gratified with the results of the plant visit and expressed their appreciation for the cooperation of all who appeared at the blood bank. This number of additional pints of blood, helps bring the average for the year in Cumberland to the desired level, they said, thus assuring the city's continuance in the program.

Physicians who volunteered their time and services at the blood collection center yesterday are Dr. Donald B. Grove, Dr. G. Overton Himmelwright, and Dr. H. W. Eliason.

Foreign Study Is Available

Competition for Fulbright and Buenos Aires Convention scholarships for graduate study abroad for 1958-59 are now open, according to Kenneth Holland, president of the Institute of International Education.

Eligibility requirements for these foreign study fellowships are United States citizenship, a college degree or the equivalent by the time the award will be used, knowledge of the language of the country of application sufficient to carry on the proposed study, and good health. Preference is given to applicants not more than 35 years of age.

Competition for the 1958-59 academic year closes November 1, 1957. Requests for application forms must be postmarked by October 25. Completed forms must be submitted by November 1.

The programs under the Fulbright Act and the Buenos Aires Convention are part of the international educational exchange activities of the Department of State. They will give almost 1,000 American citizens the chance to study abroad during the 1958-59 academic year. The regional office of the Institute of International Education, where more details are available, is at 1530 P Street, N.W., Washington, 5, D.C.

LaVale Boy Hurt When Struck By Car

An eight-year-old LaVale youngster was admitted to Sacred Heart Hospital last night with injuries sustained when he was struck by an automobile in that community.

Attaches said Brian Robertson, son of Mr. and Mrs. James Robertson, complained of pain in his back and right foot. He had abrasions on both knees. The lad was reported to have been riding a bicycle at the time of the accident. Trooper First Class Charles H. DeWitt investigated the accident. However, full details were not learned last night. The youngster was admitted for X-rays and observation.

Coronation Planned For Girls' Group

Second Baptist Program Is Set

The Junior and Intermediate Girl's Auxiliary of the Women's Missionary Union of the Second Baptist Church will hold a coronation service in the church auditorium Sunday, at 8 p. m.

Fourteen girls who have completed qualifications for rankings in this missionary organization will be honored. The queen's court will be made up of the following: maidens—Sharon Robinson, Norma Hedrick, Judy Davis, Jane Shryock, Diane Hoyle, Tomla Shepherd and Theresa Shaffer; ladies-in-waiting—Jane Hunt and Patty Davis; princesses—Bonna Knippenberg and Marlene Tipton. To be crowned queen will be Mary Jane Adams with Debby Shryock as flower girl and Billy Adams as crown bearer. Of the three advanced steps there will be two recognized. Judy Shryock will be recognized as queen with a scepter and Marcella Adams as queen regent in service. Scepter bearer will be Stephen Drenning and Bible bearer will be Gene Detrick.

Mrs. James Kirkpatrick, president of the Associational Women's Missionary Union, will give the charge and present a white Bible to Marcella Adams, who will be one of the first in the Southern Baptist Convention to receive honor of the highest step. The queen regent in service just became available the first of the year. Marcella Adams will give the charge to each of the girls as they are recognized for the work that they have completed this past year.

Rev. Cornelius B. Davis will deliver the missionary sermon. Leon G. England will be the bugler. Counselors for the girls are Mrs. Kermit England, Mrs. Raymond Frantz and Mrs. Meredith Shryock.

More Men Quizzed As Probe Of Morals Case Mushrooms

Eleven area youths were questioned in the State's Attorney's Office yesterday in connection with a morals charge involving a minor girl.

Statements were taken from each of the young men who ranged in age from 17 to the late 20's in connection with offenses occurring over the past year. All were told to come back Tuesday for further questioning.

James S. Getty, assistant state's attorney, said 14 or so other men will be questioned next week in the same case. No charges have been filed, he said, pending the completion of the investigation.

The probe began recently after two men were arrested and charged in a morals case involving two 13-year-old girls. More and more men have been involved as the questioning continues.

Holy Name Society To Attend Church

The Holy Name Society of SS. Peter and Paul's Catholic Church will receive Communion in a body at the 7 o'clock mass Sunday morning.

The society also will conduct its monthly meeting at the parish hall at 2:30 p. m. Sunday, according to James E. Robertson, president.

Iron Workers Plan Meeting Here Today

Officials of the Baltimore-Washington District of the Iron Workers Union will meet today at 6 p. m. in the Allegheny Labor Temple for a district council meeting.

Some 40 officials of the union are expected to attend. Jules Drake, Washington, vice president, will preside.

Foresters Hope Promised Rain Arrives Today

Several Blazes In Area Quelled

Forestry personnel and firemen have their fingers crossed in hopes rain will soon fall bringing the serious fire danger and current 12-day old drought to an end in this area.

Although no serious forest fires were reported in the four westernmost counties of Maryland yesterday a couple of small brush fires were checked by local and area firemen.

The devastating forest fire potential in this district is extremely dangerous, according to William H. Johnson, district forester.

High Index
He said yesterday afternoon the burning index at High Knob in Frederick County was 110 which is very high. Herrington Manor in Garrett County reported an index of 65, somewhat lower than that of the past couple of days. And at Green Ridge the index was 90.

An index reading above 75 is getting into the critical stage, Johnson pointed out. Considerable cloudiness and scattered showers are forecast.

Which is good news providing the weatherman follows through with his promise. The temperature reading today is expected to be in the low 80s. There may be some thundershowers during the day.

Robert R. Golden, superintendent of Constitution Park and official weather observer, said last night the current drought is now in its 12th day and rainless day number 13 begins at 7 a. m. today provided the promised showers do not show up.

Commenting on the fire danger, he said it is "terrific" at the present time. He said the mercury climbed to 87 degrees yesterday and the low reading was 53 degrees.

Respond Twice
East Side firemen answered two calls yesterday evening although they were needed on only one. A woman on Independence Street called and said the grapevine on the back porch of a nearby house was afire.

In the call at 7:13 p. m. East Side firemen responded but while en route they were notified by radio that the fire was out. The woman called in the second time and notified them. Firemen at Central sent the message via radio.

Another small brush fire was checked on Shriver's Hill at the end of Polk Street about 6:23 p. m. Over in Ridgeley, volunteers of that community received a call during the afternoon.

They quenched flames burning an area across the Potomac from the Kelly tire plant along the railroad bank. They said it was possibly touched off with a burning fuse.

Mrs. Helen Alexander Returns To France

Mrs. Helen Alexander, daughter of Mrs. Lillian Ault of Flintstone, has returned safely to Paris, France, to be with her husband, M/Sgt. M. R. Alexander.

Mrs. Alexander flew to the United States from France early in January when her father died and spent nearly four months with her mother. She left New York April 19 aboard the USS Randolph.

Hyndman Woman Leaves Today For Japan

A Hyndman, Pa. resident, Mrs. Sarah Whitney, is looking forward with pleasure to a long journey.

This morning she will leave Cumberland and will travel to Pittsburgh, Pa., where she will board an airplane. By air she will travel to Seattle, Wash. and Tokyo, Japan, where she will join her husband who is in the service.

He is Sp 2 Ralph F. Whitney who has been in Japan for the past two years. Mrs. Whitney was with her husband last year but returned home when a death in the family occurred. She expects to be overseas until June of 1958. Locally she managed Reed's Millinery Store on Baltimore Street.

Holy Name Unit Breakfast Set

The annual Communion breakfast of St. Patrick's Catholic Church Holy Name Society will be held tomorrow morning following the 7 o'clock mass.

Guest speaker at the breakfast will be Rev. Humphrey T. Connors, prior and master of novices at the Carmelite Monastery in New Baltimore, Pa.

Father Connors was ordained a priest in the Order of the Carmelites in 1944, and his first assignment was as director of vocations in the New England area—the Carmelite fathers.

He later was appointed as a teacher in the Carmelite Junior Seminary, Hamilton, Mass., and in 1948 he was named rector of the seminary. In 1954, Father Connors was appointed master of novices at the Carmelite Novitiate at New Baltimore, and in June 1954, was elected supervisor and prior.

The Holy Name Society also will meet tomorrow at 7:30 p. m. in the school social center.

Colonial Coin Exhibit Closes Today

Today will be the last day for the showing of the coin exhibit at Washington's Cabin in Riverside Park.

The cabin will be open from 1 to 4 p. m. today in charge of Mrs. William Straw, Mrs. Agnes Hensley, Mrs. Stella Bennett, Clifton Fuller, Mrs. B. D. Phillips, Mrs. John Carroll, Mrs. Malone, Miss Eleanor Brown and Mr. and Mrs. B. F. O'Rourke of the Senior Citizens Club.

Sponsored by the Western Maryland Coin Club and the City Recreation Department in connection with National Coin Week, the exhibit features currencies of the American colonies while under British rule.

Jury Overrules Commission On Man's Injuries

Says Intoxication Not Responsible

A jury in Allegany County Circuit Court yesterday afternoon decided that an employee of the Luke plant of the West Virginia Pulp and Paper Company was not injured due to intoxication while at work on August 2 of last year.

The appeal was taken to court by John William Mills from a decision of the State Industrial Accident Commission denying him benefits for injuries he sustained at work.

The jury was out about 15 minutes before reaching the decision. His case goes back to the commission which will rule on the extent of permanent disability.

At a hearing on November 9, 1956, the commission found the injury to Mills was the result of intoxication and it disallowed the claim filed by him.

The jury, including two women decided the injury was not caused solely by his intoxication. Chief Judge George Henderson presided. Mills was represented by Simon F. Reilly while Horace P. Whitworth Sr. was counsel for the paper plant.

A group of LaSalle High School students were in the court room at the time of the hearing.

Two To Compete In Contest For Woodworkers

Two finalists will compete for honors as the outstanding woodworking student among the Allegheny County high school seniors, according to J. D. Lonnholm, supervisor of vocational education.

They are Harold W. Coburn, RFD 1, Frostburg, an 18-year-old senior at Beall High School, and Richard Kirchner, Willowbrook Road, a 17-year-old Fort Hill High School senior. There will be no participant from Bruce High School this year.

This is the fourth annual contest sponsored by Local 1024, Carpenters Union. The county winner gets an apprentice membership in the union. The contestants will be interviewed by the judges and samples of their woodworking ability will be inspected.

Attend Motor Course

John Roy, service manager, and Carl Schurg, mechanic, for McIntyre Chevrolet, Inc., have completed a course on fuel injection at the General Motors Training Center in Pittsburgh, Pa.

LaSalle High Grad Earns US Air Force Commission

Lt. Shircliff Assigned To SAC

1st Lt. Thomas A. Shircliff, son of Mr. and Mrs. S. A. Shircliff 212 North Centre Street, who graduated from LaSalle High School in 1952 and attended the University of Maryland one year, is now assigned as a navigator in an Air Force KB29, based at Bergstrom Air Force Base, Austin, Texas.

Home on leave this week, prior to taking an assignment in Alaska, with these same type refueling tanker planes, he stopped in the local Air Force Recruiting station to tell recruiters that he intends making a career of the Air Force.

Lt. Shircliff enlisted here under the Air Force Cadet training program, hoping to qualify for a flight-commission. He said the training he received was excellent, and he feels that the Air Force offers many opportunities for qualified young men who are willing to study and work. His original enlistment under the cadet program was for two years. He was commissioned in 1955 and was given definite status as a navigation officer and assigned to the tankers.

Recruiters here explain that navigating this type of ship is an extremely responsible assignment, and that Lt. Shircliff is assigned to the highly important Strategic Air Command, considered the peak in present day aviation career accomplishment.

SA Official Will Preach In Ridgeley

Lieut.-Commissioner Albert E. Chesham, former territorial commander of the Salvation Army in 15 Southern states, Mexico and the District of Columbia, will be guest speaker at the 11 a. m. Mother's Day service tomorrow at Calvary Methodist Church in Ridgeley, according to Rev. Harold L. May, pastor.

Commissioner Chesham, a resident of Richmond, Va., who is now officially retired, is in Cumberland doing special work for the Salvation Army. "That Day" will be the subject of his sermon.

The Children's Choir, directed by Mrs. Dorothy J. Hostettler and Mrs. Peggy Powers, will sing "We Thank Thee For Our Mothers" by Gilbert. The Senior Sanctuary Choir, under direction of Miss Kathleen High, will sing "A Tribute To Mother", an arrangement of the "Viennese Melody."

At the Sunday evening service, Rev. May will preach on the subject "On Choosing and Being Ancestors." Mrs. Leon C. Hammond and James Bobo will provide musical accompaniment at the organ.

Rev. May also announced that the cornerstone laying for the church addition will be held at 3 p. m. Sunday, May 19, with Dr. Harry C. Marsh, superintendent of the Hagerstown District, presiding. Guest speaker will be Dr. Phillip C. Edwards of Baltimore.
